- [ ] Industrial Use

Square Feet of Proposed Structure/Addition: 2304 # **Total Land Area Acres:** 31.437
Type of Water Supply: Well **Type of Sewage Disposal:** Septic System

INSTRUCTIONS:

The Permit Application Form shall be submitted to the Cascade County Planning Office for review. The applicant shall obtain all required permits/forms as part of the permitting process:

- If your property is in a regulated floodplain, a Floodplain Permit must be obtained first from the Planning Office.
- If an approach to the property is from a county road, an Approach Permit is needed from the Cascade County Public Works Road and Bridge Division. If an approach will be off a state highway, an Approach Permit is needed from the State of Montana Department of Transportation.
- If your property needs an assigned address, contact from the Cascade County Public Works GIS Division for an address application.
- If your property needs a wastewater management permit, you must obtain a septic system permit from the City County Health Department (http://www.cchdmt.org/environmental-health/).
- All projects that disturb an acre or more are required to have a "General Permit for Storm Water Discharges Associated with Construction Activity" from the MT Department of Environmental Quality (http://deq.mt.gov/Water/WPB/wpbforms).

SITE PLAN REQUIREMENTS : (PERMITS WILL NOT BE ISSUED WITHOUT AN ACCURATE SITE PLAN)

Provide a complete site plan at a suitable scale (1" = 40', 1" = 100', etc) which includes the following, as applicable:

Required	Obtained	Submission Checklist
☒	☐	Written Statement to Describe Project: Provide a detailed write-up on the type and purpose of the proposed use or business. Describe the products or services provided and the operation hours, provide the number of employees, anticipated customers and traffic, etc..
☒	☒	Location of proposed structures, alterations, curb cuts, access points and utilities and the size, dimensions and uses thereof
☐	☐	Existing land use(s) on adjacent property
☐	☐	Disturbing one (1) acre or more; if yes, attach DEQ "General Permit for Storm Water Discharges Associated with Construction Activity".
☐	☐	Location, size, dimensions and number of off-street parking spaces, including on-site vehicular driveways and type of surface improvements (if applicable)
☐	☐	Location and type of existing and proposed landscaping or buffering (if applicable)
☐	☐	Location, type and height of existing and proposed fencing and/or screening (if applicable)
☐	☐	Location, type and height of sight-obscuring improvement surrounding areas of storage for raw materials, finished products, machinery and equipment (if applicable)
☐	☐	Completed Operational Statement Checklist (if applicable)

I. General Information for Applicants

A. **Understanding the Regulations:** First, the proposed use must be specifically mentioned as a category in *Uses Permitted Upon Issuance of a Special Use Permit* within Section 7 of the Cascade County Zoning Regulations. Portions of the County Zoning Map and the Zoning Regulations are available at the Cascade County Website at http://departments.cascadecountymt.gov/planning.

II. Steps of the Application Process

A. Schedule a Pre-Application meeting with planners to ensure the project will meet the standards for Special Use Permits as outlined within Section 7 of Cascade County's Zoning Regulations.

B. Complete, sign and return a Special Use Permit application and Special Use Permit Checklist, with the $450.00 application fee to Planning Staff.

Site plans, diagrams, business plans, operational statement checklist, photographs and other documents may be requested as part of a complete application, depending on the applicant's proposal.

C. Planning Staff will notify interested agencies of the proposed project to request comments for the application.

D. Planning Staff will schedule a public hearing before the *Cascade County Zoning Board of Adjustment*;

Legal notice will be published twice in the Great Falls Tribune (at least six (6) days separating each publication) and sent by certified mail to all adjacent landowners.

Planning Staff will present the application to the Zoning Board of Adjustment along with recommendations, based on findings of facts.

The *Zoning Board of Adjustment* will make a determination on the application; three (3) affirmative votes are needed to issue the permit.

E. Upon written notice from the Planning Staff, the applicant may begin the permitted special use.

F. Permits may be revoked or expire for the following reasons:

1. The *Zoning Board of Adjustment* finds them in violation of the conditions of the permit or another regulation/ordinance.
2. Approval is valid for one particular use and shall expire one year after the date of approval, if construction or the use has not started. The Zoning Administrator may grant a one-time only 6 month extension on the Zoning Board of Adjustment Approval.
3. The Special Use Permit shall expire if the use ceases for six (6) months for any reason. Any future extension requests must be granted by the Zoning Board of Adjustment prior to the date of expiration.

III. SUP Criteria

A. Explain how the proposed use meets all of the required criteria below. ALL CRITERIA MUST BE DISCUSSED. If criteria are not applicable, please explain why. Attach drawings, additional text, site plans, and any other documents that will assist staff and the board in reviewing the proposed use. The more information you can provide, the easier it is for staff and the *Zoning Board of Adjustment* to review the application.

1. The proposed development will not materially endanger the public health or safety.

a) Traffic conditions in the vicinity, including the effect of additional traffic on streets and street intersections, and sight lines at street intersections and approaches:

Acces will be on Dracut Hill Rd. with existing light to moderate traffic using existing approach.

b) Provision of services and utilities, including sewer, water, electrical, telecommunications, garbage collections, and fire protection:

Install New Septic System, use existing well, electrical, fiber optic, Sun River fire department - located 1-mile from construction

c) Soil erosion, sedimentation, and stormwater run-off:

Only disturbing area for building less than 1-acre

d) Protection of public, community, or private water supplies, including possible adverse effects on surface waters or ground water:

N/A

2. The proposed development is a public necessity, or will not substantially impact the value of adjoining property.

a) The relationship of the proposed use and the character of development to surrounding uses and development, including possible conflicts between them and how these conflicts will be resolved.

Area has several buildings with the same construction within line of sight.

b) Whether the proposed development is so necessary to the public health, safety, and general welfare of the community or County as a whole as to justify it regardless of its impact on the value of adjoining property.

will not negatively affect property values as improvement is equal or better than same structures in area.

3. The proposed development will be in harmony with the area in which it is located.

a) The relationship of the proposed use and the character of development to surrounding uses and development, including possible conflicts between them and how these conflicts will be resolved.

Yes, do not anticipate conflicts as structure matches other structures in area

4. The proposed development will be consistent with the Cascade County Growth Policy.

   a) Consistency with the Growth Policy objectives for the various planning areas (Please address all five goals with a separate sheet of paper).

Goal 1: Sustain and strengthen the economic well-being of Cascade County's citizens.

Objectives:

A. Stimulate the retention of existing businesses and expansion of existing businesses, new businesses, value-added businesses, wholesale and retail businesses, and industries including agriculture, mining, manufacturing/processing and forest products.

Yes

B. Stabilize and diversify the county's tax base by encouraging the sustainable use of its natural resources.

Yes

C. Identify and pursue primary business development that complements existing business, which is compatible with communities, and utilizes available assets. Identify and pursue targeted business development opportunities to include, but not limited to, manufacturing/heavy industry, telecommunication, and youth/social services.

Yes

D. Promote the development of cultural resources and tourism to broaden Cascade County's economic base.

Yes

E. Foster and stimulate well-planned entrepreneurship among the county's citizenry.

Yes

F. Promote a strong local business environment. Encourage and strengthen business support mechanisms such as chamber of commerce, development organizations and business roundtable organizations.

Yes

G. Improve local trade capture for Cascade County businesses. Promote local shopping as well as well-planned businesses and new businesses.

Yes

H. Network with and support other economic development efforts in the region and statewide, in recognition of Cascade County's interdependence with other communities and to leverage available local resources.

Yes

I. Encourage the growth of the agricultural economy.

Yes

J. Stimulate the growth of the economy by encouraging the use of alternative methods of energy production, including wind energy.

No

<u>Goal 2: Protect and maintain Cascade County's rural character and the community's historic relationship with natural resource development.</u>

Objectives:

A. Foster the continuance of agriculture and forestry in recognition of their economic contribution and the intrinsic natural beauty of grazing areas, farmlands and forests.

Yes

B. Preserve Cascade County's scenic beauty and conserve its forests, rangeland and streams, with their abundant wildlife and good fisheries.

Yes - will be planting trees

C. Preserve Cascade County's open space setting by encouraging new development to locate near existing towns and rural settlements and by discouraging poorly designed, land subdivisions and commercial development.

Yes
