Cascade County Zoning Regulations
General Information:

The Cascade County Zoning Board of Adjustment is in receipt of a Special Use Permit application #002-2020 from Patricia Curney to allow an Outfitter/Guide Facility on the property located at 31 Scenic Valley Ln, Cascade, MT 59421. Legally described as Lot 7A of Scenic Valley Tracts Subdivision, Section 17, Township 16 North, Range 02 West, Cascade County, MT. The applicant is requesting that a Special Use Permit be granted as required by Section 7.2.4(20) of the Cascade County Zoning Regulations.

General Provisions

A special use is a use for which conformance to additional standards will be required and shall be deemed to be a permitted use in its respective district, subject to the standards and requirements set forth herein, in addition to other applicable requirements of these regulations. All such uses are hereby said to possess characteristics of such unique and special forms that each specific use shall be considered as an individual case.

A special use permit may be issued only upon meeting all requirements in these regulations for a specific use which is explicitly mentioned as one of the “Uses Permitted Upon Issuance of a Special Use Permit as Provided in Section 10” within the respective zoning districts contained in Section 7 or Section 8.1.5 hereof. After the public hearing is closed, the Zoning Board of Adjustment can approve, deny, or approve with conditions the Special Use Permit. A separate Special Use Permit shall be required per each tract of land. The Special Use Permit fee shall be $450.00.

Expiration

The Zoning Board of Adjustment approval of the Special Use Permit shall be valid for only one particular use and shall expire one year after the date of approval, if construction or the use has not started. The Zoning Administrator may grant a one-time only six (6) month extension of the Zoning Board of Adjustment approval.

The Special Use Permit shall expire if the use ceases for six (6) months for any reason. Any further extension requests must be granted by the Zoning Board of Adjustment prior to the date of expiration.

Findings of Fact:

1. The property is in the Agricultural (A) Zoning District. The proposed use is allowed in the Agriculture District pursuant to Section 7.2.4(20) of the Cascade County Zoning Regulations. “Agricultural District…Uses Permitted Upon Issuance of a Special Use Permit…Outfitter/Guide Facility.”
2. Patricia Curney is the legal owner of the property.

3. The property is not known to be in violation of any Cascade County, State, or Federal regulations or laws and county taxes are current.

4. Legal Notice of the application and the public hearing was published in the Great Falls Tribune on March 1, 2020 and March 8, 2020. Legal Notice was sent to adjacent property owners on March 2, 2020. Interested Agencies were sent informative packets as well on March 3, 2020. Staff received an email from the City/County Health Department stating that the property will need to be licensed by them as a tourist home (see condition #1).

5. A special use permit may be revoked by the Cascade County Board of Adjustment at any time a building(s) or use(s) is deemed to be in violation of the standards and zoning requirements under which the special use permit was issued. A violation of a special use permit will be handled as any other violation under Section 13 of these regulations.

6. Appeals of the Zoning Board of Adjustment decision shall follow the process outlined in Section 12 of the Cascade County Zoning Regulations.

7. Access to the facility is from an existing approach off Scenic Valley Lane on the Southern border of the property. This is a privately maintained road, no approach permit will be needed.

Findings with Respect to the Analysis Criteria

Staff provides that the following analysis, findings and conclusion for each of the required criteria and conclusions provided under the controlling sections of the Zoning Regulations.

1. Conditions may be required that the Zoning Board of Adjustment determines if implemented, will mitigate potential conflicts to reach these conclusions.

2. The proposed development will not materially endanger the public health or safety.

Considerations:

a. Traffic conditions in the vicinity, including the effect of additional traffic on streets and street intersections, and sight lines at street intersection and curb approaches:
Applicant: There is very light traffic at this location and proposed use will not bring much more traffic. It is a right onto the property.

Staff: Marginal impacts to traffic on Scenic Valley Ln and Cooper Drive are anticipated. Access to the property is off Scenic Valley Ln which is a privately maintained road. An approach permit will not be needed.

b. Provision of services and utilities, including sewer, water, electrical, garbage collections, and fire protection.

Applicant: There will be a minimum added usage to the current use maybe 20-40 more nights of use.

Staff: Provision of services for the site appears sufficient. The parcel of land is located within the Dearborn Volunteer Fire Departments boundaries, no comment has been received at the time of writing this report. No comments were received from Northwest Energy in the solicitation of comments from interested agencies.

c. Soil erosion, sedimentation, and stormwater run-off.

Applicant: None – No improvements.

Staff: Impacts to soil erosion and sedimentation from the proposed operation are expected to be marginal. No new buildings are being proposed, stormwater run-off should not be impacted.

d. Protection of public, community, or private water supplies, including possible adverse effects on surface waters or groundwater.

Applicant: None – No improvements.

Staff: Impacts would be minimal; the applicant anticipates 30-40 more days of use in a year. Impacts to water supply are expected to be consistent with the impact produced by the existing on-site septic system. No comments have been received from the City-County Health Department at the time of writing this report.

3. The proposed development is a public necessity, or will not substantially impact the value of adjoining property.

Considerations:
a. The relationship of the proposed use and the character of the development to surrounding uses and development, including possible conflicts between them and how these conflicts will be resolved.

*Applicant: This property and the number of customers would not effect adjoining property as there is sufficient parking and area around the property to provide a buffer and not effect adjoining property.*

*Staff: No impacts to adjacent owners or conflicts are anticipated. This operation was running for a good amount of time but requires a SUP due to the operation stopping for more than a year.*

b. Whether the proposed development is so necessary to the public health, safety, and general welfare of the community or county as whole, to justify it regardless of its impact on the value of adjoining property.

*Applicant: This will not effect any of the items above.*

*Staff: No impacts to the value of adjoining properties are expected from this proposed operation.*

4. The proposed development will be in harmony with the area in which it is located.

Considerations:

a. The relationship of the proposed use and the character of development to surrounding uses and development, including possible conflicts between them and how these conflicts will be resolved.

*Applicant: This house is made for the enjoyment of the river and other recreational opportunities and should be shared by others.*

*Staff: No conflicts are anticipated. Staff have received no comments/concerns from adjacent landowners at the time of writing this report.*

b. Consistency with the municipal and joint land use plans incorporated by the Growth Policy.

*Applicant: Consistency will be maintained.*
Staff: The proposal will not have a negative impact on the municipal or joint land use plans and is likely to have a positive effect on the local economy.

5. The proposed development will be consistent with the Cascade County Growth Policy.

Considerations:
   a. Consistency with the growth policy objectives for the various planning areas, its definitions of the various land use classifications and activity centers, and its location standards.

Goal 1: Sustain and strengthen the economic well-being of Cascade County’s citizens.

A. Stimulate the retention and expansion of existing businesses, new businesses, value-added businesses, wholesale and retail businesses, and industries including agriculture, mining, manufacturing/processing and forest products.

   Applicant: This usage has the potential to provide locals with jobs and clients that will be in the area spending money in the local businesses in Cascade County.

   Staff: The proposed use will target out of area clientele hopefully bringing them into Cascade County, and in return using other local businesses as well.

B. Stabilize and diversify the county’s tax base by encouraging the sustainable use of its natural resources.

   Applicant: Almost every client will purchase or had purchased a fishing license which funds go back to providing revenue and support for the fishing industry. The majority will also hire local outfitter/guides and patron the local dining businesses. The clients purchase supplies and new equipment for their stay,

   Staff: The proposed use will diversify the county’s tax base through revenues generated from providing a local location people can utilize for outfitting and guiding purposes.

C. Identify and pursue primary business development that complements existing business, which is compatible with communities, and utilizes available assets. Identify and pursue targeted business development
opportunities to include, but not limited to, manufacturing/heavy industry, telecommunications, and youth/social services.

**Applicant:** This usage only adds to the variety of choices to stay along the Missouri River and it is currently the only facility that can accommodate groups or families of 12.

**Staff:** The proposed use is a primary business development that is complementary to the surrounding communities and adjoining land uses. The proposed use would allow the landowner to fully utilize the assets available on the property that are provided by the location.

**D. Promote the development of cultural resources and tourism to broaden Cascade County’s economic base.**

**Applicant:** Lodging is the staple of tourism along the Missouri River by providing local places for tourist to stay.

**Staff:** The proposed use would promote tourism that would broaden Cascade County’s economic base.

**E. Foster and stimulate well-planned entrepreneurship among the county’s citizenry.**

**Applicant:** Clients will want to come back to Cascade County and bring their families for recreating and if they have a business they may find that Cascade County would be an ideal place to relocate their family and/or business.

**Staff:** The proposed use is not directly associated with entrepreneurship development; however, indirect benefits may occur from the proposed use.

**F. Promote a strong local business environment. Encourage and strengthen business support mechanisms such as chambers of commerce, development organizations and business roundtable organizations.**

**Applicant:** This usage will help support business relationships to have potential clients see what Cascade County has to offer as a potential for relocating.

**Staff:** The proposed use could potentially promote a strong local business environment through providing recommendations to the tourists. The proposed use would not negatively impact the chambers of commerce, development organizations or business roundtable organizations.
G. Improve local trade capture for Cascade County businesses. Promote local shopping as well as well-planned businesses and new businesses.

**Applicant:** Most clients will fly into Great Falls or Helena and shop or dine before and after trip. There will tend to be increased revenue to the area for other items such as car rentals, and other recreational tourist items.

**Staff:** The proposed use is a new business and would have the opportunity to bring in tourists to Cascade County.

H. Network with and support other economic development efforts in the region and statewide, in recognition of Cascade County’s interdependence with other communities and to leverage available local resources.

**Applicant:** N/A – We will not be developing the region.

**Staff:** The proposed use will not negatively impact other economic development efforts in the region or state.

I. Encourage the growth of the agricultural economy.

**Applicant:** We are 100% behind the growth of business in agricultural economy – our proposal will not effect the agricultural economy.

**Staff:** The proposed use will not positively or negatively impact the growth of the agricultural economy.

J. Stimulate the growth of the economy by encouraging the use of alternate methods of energy production, including wind energy.

**Applicant:** We support use of alternative methods of energy but at this time there are no change predicted at this time.

**Staff:** The proposed use will not positively or negatively impact the growth of the economy in regard to alternate methods of energy production.

**GOAL 2:** Protect and maintain Cascade County’s rural character and the community’s historic relationship with the natural resource development.

**Objectives:**
A. Foster the continuance of agriculture and forestry in recognition of their economic contribution and the intrinsic natural beauty of grazing areas, farmlands and forests.

Applicant: *We will foster the intrinsic natural beauty as the main draw for fisherman to come to this location.*

Staff: There are no new structures being proposed, the use will not positively or negatively impact the natural beauty of grazing areas, farmlands, or forests.

B. Preserve Cascade County’s scenic beauty and conserve its forests, rangelands and streams, with their abundant wildlife and good fisheries.

Applicant: *We have maintenance and clean up after each visitor to ensure each visitor has the best experience.*

Staff: The applicant is not proposing any new structures and in return will not negative or positive impact. The proposed use relies on the abundant wildlife and good fisheries.

C. Preserve Cascade County’s open space setting by encouraging new development to locate near existing towns and rural settlements and by discouraging poorly designed, land subdivisions and commercial development.

Applicant: *We have had the boundaries redrawn to maintain open space.*

Staff: The applicant is not purposing any new structures which in return preserves open space.

D. Assure clean air, clean water, a healthful environment and good community appearance.

Applicant: *We believe our clients come for the clean air and water and therefore work to have as little impact on both the water and air quality.*

Staff: The proposed use will not negatively or positively impact clean air, water, or a healthful environment. Having maintenance and upkeep will help keep a good community appearance.

E. Support the development of natural resources including but not limited to timber, mining, oil and gas production, and renewable energy production.
Applicant: We are a business that has a low impact to the natural resources and would support low impact on development of natural resources.

Staff: The proposed use will not negatively or positively impact the development of natural resources.

F. Continue to work with federal and state agencies to redevelop properties within Cascade County which are currently undergoing Superfund and Brownfields process.

Applicant: We are in support of changes that maintain or improve the land and environment.

Staff: The site of the proposed use and structure is not associated with Superfund or the Brownfields programs.

GOAL 3: Maintain Agricultural economy

A. Protect the most productive soil types.

Applicant: We will maintain and improve the land that our property is on to ensure it protects the soil.

Staff: Minimal impacts to productive soils are anticipated as the structure is pre-existing.

B. Continue to protect soils against erosion.

Applicant: We are not directly on the river, but we work to protect against erosion.

Staff: Minimal impacts to soil are anticipated.

C. Protect the floodplain from non-agricultural development.

Applicant: The floodplain is critical to keep intact and we are a low impact on the area due to location.

Staff: The site of the proposed use is not within the Special Flood Hazard Area of the floodplain. No impacts are proposed.

D. Support the development of value-added agricultural industry in Cascade County utilizing the products from the regional area.

Applicant: We support local businesses & products and will recommend to our clients the use of our local businesses and products.
Staff: The proposed use will not negatively or positively impact the development of value-added agricultural industry.

GOAL 4: Retain the presence of the US Military in Cascade County.

Objectives:

A. Encourage the federal congressional delegation to actively support maintaining the current mission status at a minimum.

   Applicant: We understand and desire the current mission status.

Staff: Staff does not believe that this application will have any impact on the presence or mission of Malmstrom AFB in Cascade County. The nearest launch facility is over thirteen (13) miles away.

B. Promote the location of additional military missions in Cascade County.

   Applicant: We are in agreement that military missions are critical to the local impact on our economy.

Staff: There is no expected impact.

C. Encourage the reactivation of the runway at Malmstrom Air Force Base for fixed wing operations.

   Applicant: We don’t have any history or experience in this field and do not have data for input on this subject.

Staff: There is no expected impact.

D. Refer to the Joint Land Use Study for resolving conflicts and promoting mission compatible development.

   Applicant: We understand the Joint Land Use Study for resolving conflicts.

Staff: There is no expected impact.

GOAL 5: Preserve and enhance the rural, friendly and independent lifestyle currently enjoyed by Cascade County’s citizens.

Objectives:

A. Maintain Cascade County’s citizens independent lifestyle and minimize local governmental intervention, to the extent possible, consistent with
the requirements of a continually evolving economy and constantly changing population.

**Applicant:** The independent lifestyle is a core belief for us and would encourage to keep the governmental intervention to a minimum.

**Staff:** The proposed use will provide employment for 1-2 employees and thus facilitate independence for those citizens.

B. Preserve and promote Cascade County’s rich cultural heritage, rooted in natural resource development and reflected in its numerous cultural/historic sites and archaeological areas.

**Applicant:** We are in the tourism industry. The more the clients can enjoy Cascade County the better. This ensures they will return and contribute to our economy.

**Staff:** The proposed use will preserve county cultural heritage by allowing outfitters and guides to teach tourists how to fish on the Missouri River.

C. Promote fire prevention measures throughout the county, giving special emphasis to the extreme fire hazards present at the wild land/urban interface.

**Applicant:** We support fire prevention. Fires are very harmful to fishing habitats and other animal habitats. We stress fire control to all of our clients.

**Staff:** The property would be serviced by the Dearborn Volunteer Fire Department. The proposed use will not negatively or positively impact fire hazards in the area.

D. Encourage the continued development of educational programs and facilities, recreational opportunities and spaces and health services for all county residents.

**Applicant:** This is a part of our core business we are a low impact recreational business that contributes to the local economy at a high level.

**Staff:** The proposed use incorporates both education and recreational opportunities.
