Cascade County Special Use Permit Application
Cascade County Planning Department
121 4th St N, Suite 2H-2I
Great Falls, MT 59401
Phone: 406-454-6905 Fax: 406-454-6919

General Information

A Special Use Permit (SUP) is required for uses in which conformance to additional standards will be required due to characteristics that are unique and special to the use. SUPs are to be issued for one specific use and are required for each tract of land. Legally issued SUPs shall expire one year after the date of approval if construction, or the use permitted, has not started. A one-time only six (6) month extension may be granted by the Zoning Board of Adjustment (ZBOA) upon request. SUP applications require a non-refundable application fee of four hundred and fifty dollars ($450.00). Each SUP application shall be accompanied by an Location/Conformance (L/C) Permit application for changes in use and/or structures associated with the SUP application.

Application Information

Property Owner Name: PATRICIA CURNEY
Applicant Name: PATRICIA CURNEY
Application Type:  □ Change of Use  □ New Structure(s)
Special Use Call Out: To allow a lodge facility for Outfitter/Guide fisherman and clients.

Understanding the Regulations

The proposed use must be specifically mentioned as a category in Uses Permitted Upon Issuance of a Special Use Permit within Section 7 of the Cascade County Zoning Regulations. Portions of the County Zoning Map and the Zoning Regulations are available at the Cascade County Website at http://departments.cascadecountymt.gov/planning.

Steps of the Application Process

(1) Schedule a Pre-Application meeting with planners to ensure the project will meet the standards for Special Use Permits as outlined within Section 7 of Cascade County’s Zoning Regulations.
(2) Complete, sign and submit a Special Use Permit application, Location/Conformance Permit application and a Use Statement Form, with the $450.00 application fee to Planning Staff.
(3) Diagrams, business plans, photographs and other documents may be requested as part of a complete application, depending on the applicant’s proposal.
(4) Planning Staff will notify interested agencies of the proposed project to request comments for the application.
(5) Planning Staff will schedule a public hearing before the Cascade County Zoning Board of Adjustment;
(6) Legal notice will be published twice in the Great Falls Tribune with at least six (6) days separating each publication.
(7) Notice will be sent to all adjacent landowners via certified mail.
(8) Planning Staff will present the application to the Zoning Board of Adjustment along with recommendations, based on findings of facts.
(9) The Zoning Board of Adjustment will make a determination on the application; three (3) affirmative votes are needed to issue the permit.
(10) Upon written notice from the Planning Staff, the applicant may begin the permitted special use.
Permits may be revoked or expire for the following reasons:

a. The Zoning Board of Adjustment finds them in violation of the conditions of the permit or another regulation/ordinance.

b. Approval is valid for one particular use and shall expire one year after the date of approval, if construction or the use has not started. The Zoning Administrator may grant a one-time only 6 month extension on the Zoning Board of Adjustment Approval.

c. The Special Use Permit shall expire if the use ceases for six (6) months for any reason. Any future extension requests must be granted by the Zoning Board of Adjustment prior to the date of expiration.

**SUP General Impacts Criteria**

Explain how the proposed use contributes to, hinders, or otherwise impacts each of the criteria below. All criteria must be discussed. If criteria are not applicable, please explain why. Attach drawings, additional text, site plans, and any other documents that will assist staff and the board in reviewing the proposed use. The more information you can provide, the easier it is for staff and the Zoning Board of Adjustment to review the application.

1. The proposed development will not materially endanger the public health or safety.
   a. Traffic conditions in the vicinity, including the effect of additional traffic on streets and street intersections, and sight lines at street intersections and approaches:

   There is very light traffic at this location and proposed use will not bring much more traffic. It is a right onto the property.

   b. Provision of services and utilities, including sewer, water, electrical, telecommunications, garbage collections, and fire protection:

   There will be a minimum added usage to the current use maybe 20-40 more nights of use.

   c. Soil erosion, sedimentation, and stormwater run-off:

   None - No improvements.

   d. Protection of public, community, or private water supplies, including possible adverse effects on surface waters or ground water:

   None - No improvements.
(2) The proposed development is a public necessity, or will not substantially impact the value of adjoining property.
   a. The relationship of the proposed use and the character of development to surrounding uses and development, including possible conflicts between them and how these conflicts will be resolved.

This property and the number of customers would not effect adjoining property as there is sufficient parking and area around the property to provide a buffer and not effect adjoining property.

b. Whether the proposed development is so necessary to the public health, safety, and general welfare of the community or County as to justify it regardless of its impact on the value of adjoining property.

This will not effect any of the items above.

(3) The proposed development will be in harmony with the area in which it is located.
   a. The relationship of the proposed use and the character of development to surrounding uses and development, including possible conflicts between them and how these conflicts will be resolved.

This house is made for the enjoyment of the river and other recreational opportunities and should be shared by others.

b. Consistency with the municipal and joint land use plans incorporated by the Growth Policy.

Consistency will be maintained.

SUP Growth Policy Criteria

Explain how the proposed use will be consistent with each of the Cascade County Growth Policy goal objectives. All objectives must be discussed. If an objective is not applicable, please explain why. The more information you can provide, the easier it is for staff and the Zoning Board of Adjustment to review the application.

Goal 1: Sustain and strengthen the economic well-being of Cascade County’s citizens.

Objectives:

A. Stimulate the retention of existing businesses and expansion of existing businesses, new businesses, value-added businesses, wholesale and retail businesses, and industries including agriculture, mining, manufacturing/processing and forest products.

This usage has the potential to provide locals with jobs and clients that will be in the area spending money in the local businesses in Cascade County.

B. Stabilize and diversify the county’s tax base by encouraging the sustainable use of its natural resources.
Almost every client will purchase or had purchased a fishing license which funds go back to providing revenue and support for the fishing industry. The majority will also hire local outfitters/guides and patron the local dining businesses. The clients purchase supplies and new equipment for their stay.

C. Identify and pursue primary business development that complements existing business, which is compatible with communities, and utilizes available assets. Identify and pursue targeted business development opportunities to include, but not limited to, manufacturing/heavy industry, telecommunication, and youth/social services.

This usage only adds to the variety of choices to stay along the Missouri River and it is currently the only facility that can accommodate groups or families of 12.

D. Promote the development of cultural resources and tourism to broaden Cascade County’s economic base.

Lodging is the staple of tourism along the Missouri River by providing local places for tourist to stay.

E. Foster and stimulate well-planned entrepreneurship among the county’s citizenry.

Clients will want to come back to Cascade County and bring their families for recreating and if they have a business they may find that Cascade County would be an ideal place to relocate their family and/or business.

F. Promote a strong local business environment. Encourage and strengthen business support mechanisms such as chamber of commerce, development organizations and business roundtable organizations.

This usage will help support business relationships to have potential clients see what Cascade County has to offer as a potential for relocating.

G. Improve local trade capture for Cascade County businesses. Promote local shopping as well as well-planned businesses and new businesses.

Most clients will fly into Great Falls or Helena and shop or dine before and after trip. There will tend to be increased revenue to the area for other items such as car rentals, and other recreational tourist items.

H. Network with and support other economic development efforts in the region and statewide, in recognition of Cascade County’s interdependence with other communities and to leverage available local resources.

N/A - We will not be developing the region.

I. Encourage the growth of the agricultural economy.

Updated May 14, 2019
We are 100% behind the growth of business in agricultural economy - our proposal will not effect the agricultural economy.

J. Stimulate the growth of the economy by encouraging the use of alternative methods of energy production, including wind energy.
We support use of alternative method of energy but at this time there are no change predicted at this time.

Goal 2: Protect and maintain Cascade County's rural character and the community's historic relationship with natural resource development.

Objectives:

A. Foster the continuance of agriculture and forestry in recognition of their economic contribution and the intrinsic natural beauty of grazing areas, farmlands and forests.
We will foster the intrinsic natural beauty as the main draw for fisherman to come to this location.

B. Preserve Cascade County's scenic beauty and conserve its forests, rangeland and streams, with their abundant wildlife and good fisheries.
We have maintenance and clean up after each visitor to ensure each visitor has the best experience.

C. Preserve Cascade County's open space setting by encouraging new development to locate near existing towns and rural settlements and by discouraging poorly designed, land subdivisions and commercial development.
We have had the boundaries redrawn to maintain open space.

D. Assure clean air, clean water, a healthful environment and good community appearance.
We believe our clients come for the clean air and water and therefore work to have as little impact on both the water and air quality.
E. Support the development of natural resources including but not limited to timber, mining, oil and gas production and renewable energy production.

We are a business that has a low impact to the natural resources and would support low impact on development of natural resources.

F. Continue to work with federal and state agencies to redevelop properties within Cascade County which are currently undergoing Superfund and Brownfields processes.

We are in support of changes that maintain or improve the land and environment.

Goal 3: Maintain agricultural economy.

Objectives:

A. Protect the most productive soil types.

We will maintain and improve the land that our property is on to ensure it protects the soil.

B. Continue to protect soils against erosion.

We are not directly on the river, but we work to protect against erosion.

C. Protect the floodplain from non-agricultural development.

The floodplain is critical to keep intact and we are a low impact on the area due to location.

D. Support the development of value-added agricultural industry in Cascade County utilizing the products from the regional area.

We support local businesses & products and will recommend to our clients the use of our local businesses and products.
Goal 4: Retain the presence of the US Military in Cascade County

Objectives:

A. Encourage the federal congressional delegation to actively support maintaining the current mission status at a minimum.

We understand and desire the current mission status.

B. Promote the location of additional military missions in Cascade County.

We are in agreement that military missions are critical to the local impact on our economy.

C. Encourage the reactivation of the runway at Malmstrom Air Force Base for fixed wing operations.

We don't have any history or experience in this field and do not have data for input on this subject.

D. Refer to the Joint Land Use Study for resolving conflicts and promoting mission compatible development.

We understand the Joint Land Use Study for resolving conflicts.

Goal 5: Preserve and enhance the rural, friendly and independent lifestyle currently enjoyed by Cascade County's citizens.

Objectives:

A. Maintain Cascade County's citizens independent lifestyle and minimize local governmental intervention, to the extent possible, consistent with the requirements of a continually evolving economy and constantly changing population.

The independent lifestyle is a core belief for us and would encourage to keep the governmental intervention to a minimum.

B. Preserve and promote Cascade County's rich cultural heritage, rooted in natural resource development and reflected in its numerous cultural/historic sites and archaeological areas.

We are in the tourism industry. The more the clients can enjoy Cascade County the better. This ensures they will return and contribute to our economy.
C. Promote fire prevention measures throughout the county, giving special emphasis to the extreme fire hazards present at the wildland-urban interface.

We support fire prevention. Fires are very harmful to fishing habitats and other animal habitats. We stress fire control to all of our clients.

D. Encourage the continued development of educational programs and facilities, recreational opportunities and spaces and health services for all county residents.

This is a part of our core business we are a low impact recreational business that contributes to the local economy at a high level.

ATTEST: I hereby certify that the information given herein is true and correct to the best of my knowledge. There are no restrictions placed upon my property which would prohibit the issuance of this permit. If there are any restrictions, then this permit shall become null and void. I hereby grant permission to any Cascade County Zoning Official to enter my property to inspect for compliance with the County Zoning Regulations in relation to this application.

The Use Statement Form is required for all Special Use Permit applications and is designed to provide pertinent information about the proposed use. It is important that the use statement provides a complete understanding of your proposal. The use statement that you submit must address all the following items that apply to your proposal. Your use statement must be written in on this form or written in a legible manner on a separate sheet of paper and submitted with your Special Use Permit application in print or by email. If your responses are written on a separate sheet of paper, indicate the number of each response corresponding with the item numbers listed below. Where a definite answer cannot be provided for any of the items below, provide an estimate and indicate any uncertainty. Begin by indicating all relevant uses of the proposal below and proceed to address each item. The form will not be considered complete without a signed and dated submission by the landowner and/or applicant.

Use type (check all that apply): □ Residential  ■ Commercial  □ Industrial

If the proposed use is residential only then only questions 1-6 are required. For uses that are commercial and/or industrial all questions must be addressed. If the item does not pertain to the proposed use, then indicate that the item does not apply.

1. Nature of the use - what do you propose to do and how do you plan to do it? Describe in detail.
   Special Use permit to allow rental of an existing lodge building to fishermen and clients of Outfitter/Guides
   Use an existing Lodge/Building that was previously in the same business prior to ownership change.
   Market the lodge toward fishermen and clients of Outfitters/Guides to provide local lodging.

2. Access to the site:
   ■ Public Road  □ Private Road  Surface: □ Paved  □ Gravel  ■ Dirt
   Indicate the planned access points in the site plan. If a new approach will be required, contact either Montana Department of Transportation or County Road and Bridge Division.

3. Describe any planned advertising or signage. Include the size, appearance, and placement.
   Presently there is a wrought iron sign suspended on a post directly on the property.
   Advertising would include Internet and potential website, and Outfitters/Guides websites and stores.
   Potentially advertise in magazines and options directed towards fishing.

4. Will existing buildings be used, or will new buildings be constructed (or both)? Indicate new and old buildings or structures on the required site plan.
   Existing buildings will be used.
5. Will any landscaping or fencing be developed? If so, describe the type of landscaping and/or fencing elements planned. Use reference to the site plan for clarity.

Currently, none planned other than upkeep and maintenance to ensure minimal impacts. Fencing, if added, would be done to indicate property boundaries and minimal impacts, if any.

6. Does the proposed use require any other local, state, or federal permits or licensing? If so, indicate the permits and/or licenses and when they will be acquired. If the permit and/or license has already been acquired, provide the permit and/or license number.

Business registration through MT Revenue and Secretary of State has been completed.

Lodging Facility Sales and Use Tax will be applied for and filed with MT Revenue upon approval.

If the proposed use is residential only, you may stop here and sign at the end of the form.

7. Operational time limits:

Months (if seasonal): from March __________ to October __________

Days per week: 7

Hours: from 7 am __________ to 7 pm __________

Total hours per day: 12

Special activities: None

Frequency: ____________

Hours: from ____________ to ____________

Are these indoors or outdoors? ____________

8. Expected number of customers or visitors:

Average per day: 2 ____________

Maximum per day: 12 ____________

Hours (when they will be there): from 7 am ____________ to 7 am ____________

9. Number of employees:

Current: 0 ____________

Future: 1-2 ____________

Hours they work: from 10 am ____________ to 2 pm ____________

Do any live on-site as a caretaker? Possible ____________

10. Service and delivery vehicles:

Number: 0 ____________

Type: ____________

Frequency: ____________

Updated May 14, 2019
11. Number of parking spaces for employees, customers, and service/delivery vehicles:
   There is enough parking to accommodate 12+ vehicles and no impact on parking areas.

12. Are any goods to be sold on-site? If so, are these goods grown or produced on-site or at some other location? Explain.
   None.

13. What equipment is used? If available, provide pictures or a brochure.
   Fishermen and clients provide their own equipment or utilize the equipment of the outfitter/guide.

14. What supplies or materials are used and how are they stored?
   Only supplies and materials would be for the maintenance and cleaning of the facilities and stored in a respective area.

15. Does the use produce any of the following by-products which may be considered a nuisance?
   - Noise
   - Glare
   - Dust
   - Odor
   - Smoke
   - Other

   If so, explain how this will be reduced or eliminated?
   N/A

16. Does the proposed use involve livestock animals? If so, provide the types of livestock and the approximate number of each type of animal involved.
   N/A
17. Will any solid or liquid wastes be produced (other than septic system waste)? If so, list (for each): (1) the type(s) of waste; (2) the estimated volume of waste; (3) how and where it will be stored; (4) how it will be hauled; (5) where it will be disposed of and how often.
N/A

18. Estimated volume of water to be used (gallons per day) and the source of water:
Existing well is sufficient for all water needs.

19. Explain which buildings or what portion of buildings will be used in the operation. Use reference to the indicated structures or buildings in the site plan for clarity.
The existing buildings and structures comprise a complete facility that will be used at the lodge.

20. Will any buildings or portions of buildings be rented or leased? □ Yes □ No

21. Will any outdoor lighting or an outdoor sound amplification system be used? If so, describe how and when they will be used.
Only normal residential patio and security lighting.

22. Is there any other information that will provide a clear understanding of the project or operation?
No.

ATTEST: I hereby certify that the information given herein is true and correct to the best of my knowledge and acknowledge that the information provided herein may be binding upon issuance of an approved Special Use Permit with conditions.

General Information
A Location/Conformance (L/C) permit is required: (1) for all changes of land use and commercial activities within the Cascade County Zoning Jurisdictional Area (ZJA) and (2) prior to the construction of all buildings and structures two-hundred (200) square feet or larger on all lands within the ZJA. L/C permits are not required for “site preparation,” as defined in the Cascade County Zoning Regulations (CCZR). L/C permits are to be issued for one use and are required for each tract of land. Legally issued L/C permits shall expire one year after the date of approval if construction or the use permitted has not started. A one-time only twelve (12) month extension may be granted by the Zoning Administrator upon request. L/C permit applications require a non-refundable application fee of fifty dollars ($50.00) unless non-site preparation work started prior to the issuance of an L/C Permit; post-work projects require a non-refundable application fee of two-hundred dollars ($200.00).

Project Description:
To use existing buildings previously used as a Lodge for outfitter/guide associated clients for the same type of
lodge/business.

Submission Checklist

Location/Conformance Permit applications shall be submitted to the Cascade County Planning Department for review. The following checklist must be completed and signed by the applicant before the application can be reviewed. Where applicable, all required permits/forms must be attached to the application.

☐ A site plan prepared at a scale not less than one inch equals one-hundred feet (1” = 100’) containing, where applicable, the following minimum information:
  ☐ Name and address of applicant.
  ☐ Legal description and boundary lines of property being considered for review.
  ☐ Existing and proposed land use upon the site.
  ☐ Names of owners and existing land use on adjacent property.
  ☐ Location, size, dimensions and uses of existing and proposed buildings and improvements.
  ☐ Location and description of existing and proposed utilities.
  ☐ Location and dimensions of curb cuts and access points.
  ☐ Location, size, dimensions and number of off-street parking spaces, including on-site vehicular driveways and type of surface improvements.
  ☐ Location and type of existing and proposed landscaping or buffering.
  ☐ Location, type and height of existing and proposed fencing and screening.
  ☐ Location, type and height of sight-obscuring improvement surrounding areas of storage for raw materials, finished products, machinery and equipment.

☐ Floodplain permit (attached). This is required if the project is in a regulated floodplain.

☐ Approach permit (attached). This is required if the proposed approach is from a county or state road.

☐ Addressing application (attached). This is required if the subject property needs a structure addressed.

☐ Septic permit (attached). This is required for projects installing a septic system, re-utilizing a pre-existing septic system, or increasing the capacity of a pre-existing septic system on the subject property.

☐ General Permit for Storm Water Discharge Associated with Construction Activity (attached). This is required for projects that will disturb an acre or more of land.

Attestation Statement and Signature

I hereby certify that the information given herein is true and correct to the best of my knowledge. There are no restrictions placed upon my property which would prohibit the issuance of this permit. If there are any restrictions, then this permit shall become null and void. I hereby grant permission to any Cascade County Planner to enter my property to inspect for compliance with the County Zoning Regulations in relation to this application.
