(gas is in drive lane, may need pipe bollards installed in concrete)</p> <p>Due to the high pressure gas piping at the main building we will need to turn all incoming gas off and install a new connection, therefore the gas to the main building will be shut down for approximately 4 hours. We will then test pressures at every gas appliance and perform start up on every gas appliance.</p> <p>Before work begins we will meet with the gas company and they will decide if we need to make connections to the welded portions of the piping near the meter or if we are able to utilize the test port installed. If we can use the test port we can use option 2 pricing.</p> <p>Option 2 This option is the same scope of work for installation of the heater and utilizing the underground piping but will allow (by the gas company) us to use an existing test port on the piping at the meter and will not require a shut down of any piping in the main building. Total Investment for option 2 \$4768.00</p> <p>Does not include -110 volt power or disconnect to new heater -repair of existing underground gas line if needed -protection (if required by gas company) of gas piping near building 3802. (gas is in drive lane, may need pipe bollards installed in concrete)</p>	\$6,970.00*

#### **15. Optional Card Brand Fees:**

**Convenience Fee:** A fee charged to the Cardholder by the Merchant for a true convenience for accepting a credit or debit card. Examples of a “true convenience” are payment through the internet, mail order or phone order. All Card Schemes allow Merchants to charge a convenience fee. All Card Schemes must be charged equally. The Merchant is required to disclose the fee to the Cardholder and provide the Cardholder with the opportunity to cancel the Transaction, if the Cardholder does not want to pay the convenience fee. In addition to the foregoing, (i) Visa requires Merchants to have a brick and mortar location in order to be allowed to charge a convenience fee; (ii) MasterCard requires processors to register any Government or Education merchant; and (iii) AMEX requires that the convenience fee be shown as a separate charge on the Cardholder’s receipt for the goods or services.

**Surcharge:** A charge in addition to the initial amount of the sale on a credit card to cover the Merchant’s cost of acceptance. All Card Schemes allow surcharging. Visa, MasterCard and Discover require Merchants to register with the Card Schemes. The Merchant is required to disclose the fee at the entry of their establishment and at the point of sale. The cardholder must be given the opportunity to cancel the Transaction if they do not want to pay the surcharge fee. The amount of the charge cannot exceed the amount of the Merchant’s discount fee on Visa, MasterCard and Discover and is capped at 4%. The surcharge must appear on the sales receipt separately from the sales amount. All Card Schemes must be charged equally. Currently there are several states that prohibit

surcharging. Merchants should check their state and local laws prior to initiating a surcharge.

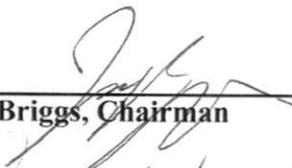

**Service Fee:** Visa allows government and education Merchants to charge a different type of fee called a “service fee”. This fee is assessed for accepting payments for taxes, fees and fines for government MCCs and for tuition, room and board, lunch programs, etc. for education MCC Merchants. The service fee can be charged on credit and debit Transactions, in a face-to-face or card not present environment. The service fee must appear separate from the sales amount on the receipt. Merchants must be registered through Visa. Service fee must be disclosed prior to completion of the transaction, allowing the cardholder to cancel the Transaction if they do not wish to accept the service fee. MasterCard allows government and education merchants to charge “convenience fees” and has no separate “service fee” for these MCCs.

**Other Fees:** Handling fees and payment fees are allowed on all Card Schemes as long as these fees are charged on all payment channels; cash, checks, ACH, etc. These are not governed by the Card Schemes specifically. State and local laws may apply and merchants should ensure the fees are allowed in their area of business.

## End User License Agreement

This End User License Agreement (“EULA”) sets forth the terms and conditions for license and use of CentralSquare Technologies LLC (“CentralSquare”) software by the Customer (as defined below) named herein. **CUSTOMER’S SIGNATURE BELOW, OR CUSTOMER’S FIRST USE OF THE LICENSED SOFTWARE, SHALL CONSTITUTE CUSTOMER’S ACCEPTANCE OF ALL TERMS AND CONDITIONS OF THIS END USER LICENSE AGREEMENT. NO DIFFERENT OR ADDITIONAL TERMS CONTAINED IN ANY PURCHASE ORDER, CONFIRMATION OR OTHER WRITING SHALL HAVE ANY FORCE OR EFFECT UNLESS EXPRESSLY AGREED TO IN WRITING BY CENTRALSQUARE.**

### 1. Definitions

- 1.1 “Customer” means Cascade County Juvenile Detention Center.
- 1.2 “Go Live” means the date of the Customer’s first use of the Licensed Software as a live, non-test-bed system. This can be exhibited by events such as the completion by Customer of the first real-world booking, the taking of the first real-world call for service, the entry of the first real-world case report, or a similar event dealing with real-world use.
- 1.3 “Licensed Software” means the CentralSquare software in object code format licensed to Customer as listed in Section 5 of this EULA, and any associated product documentation furnished by CentralSquare for use therewith.
- 1.4 “Server Hardware” means the computer hardware provided by CentralSquare on which the Licensed Software has been installed by CentralSquare and which operates in a local area network that runs administrative software which controls access to all or part of the network and its resources and makes such resources available to computers acting as workstations on the network.

### 2. License

#### 2.1 Grant of the License

Subject to the terms and conditions set forth herein, CentralSquare hereby grants to the Customer, and the Customer accepts, a fully paid-up, perpetual, royalty-free and non-exclusive license to use the Licensed Software only for the Customer’s own internal business purposes, subject to the terms and limitations of this EULA. Customer may make a copy of the Licensed Software for backup purposes only.

#### 2.2 Copies and Modifications

Unless otherwise agreed to in writing by CentralSquare, no identifying marks, copyright or proprietary right notices may be deleted from any copies of the Licensed Software made by the Customer. The Customer shall not decompile, or create by reverse engineering or otherwise, the source codes from the object code supplied hereunder, or adapt the Licensed Software in any way or use it to create a derivative work. CentralSquare shall not be responsible in any way for the

Licensed Software's performance if the Licensed Software has been modified, except as modified by CentralSquare.

### 2.3 Restrictions on Usage

The Customer shall not allow any party, other than CentralSquare, to add, update, or delete database records or file system objects directly to or on the server on which the Licensed Software operates or the CentralSquare database except as provided for in documentation of this Agreement.

The Customer shall not access any Server Hardware on which the Licensed Software operates except as provided in documentation of this Agreement or cause any software except the Licensed Software provided under this EULA to be installed on or executed on the Server Hardware.

Customer acknowledges that the Licensed Software and its associated documentation furnished with the Licensed Software (the "Confidential Information") constitute the trade secrets and proprietary information of CentralSquare. Customer shall hold the Confidential Information in strict confidence and shall not disclose it to third parties except as necessary to exercise the licenses granted hereunder or as legally required. Without limiting the generality of the foregoing, Customer shall use reasonable means, not less than those used to protect its own trade secret and proprietary information, to safeguard the Confidential Information. Customer shall not attempt, or authorize or permit others to attempt, to imitate the Licensed Software using the Confidential Information or any part thereof, or to reverse engineer the Licensed Software by any method, now known or later discovered. Nothing in this EULA shall be construed as granting to Customer any title to the Licensed Software, or CentralSquare trademarks or tradenames.

## 3. Copyright and Trademark Infringement

CentralSquare represents and warrants that the Licensed Software does not infringe the copyrights, patents, trade secrets or trademarks (collectively "Intellectual Property Rights") of any third party. In the event of a claim, allegation, action or proceeding (collectively "Claim") brought against Customer alleging infringement by the Licensed Software of the Intellectual Property Rights of a third party, CentralSquare will at its expense defend, indemnify and hold harmless Customer against such Claim, and damages, costs, liabilities and expenses (including court costs and reasonable attorneys' fees) suffered or incurred in connection with such Claim, except for Customer's attorney's fees if Customer chooses to participate in the defense of such Claim), provided that Customer promptly notifies CentralSquare of such Claim and cooperates fully with CentralSquare and its legal counsel in the defense thereof. CentralSquare may in its discretion (i) contest such Claim, (ii) settle such Claim, (iii) procure for Customer the right to continue using the Licensed Software, and/or (iv) modify or replace the Licensed Software so that it no longer infringes (while maintaining substantially equivalent functionality and performance to that described in the user documentation). Customer may participate in the defense of such Claim at its own expense. If CentralSquare concludes in its sole judgment that none of the foregoing options are commercially reasonable, or Customer's use of the Licensed Software is permanently enjoined as a result of a judgment of a court of competent jurisdiction in respect of such Claim, or any temporary injunction restricting Customer's use of the Licensed Software is in effect and has not been lifted within 90 days, the license granted in this EULA shall terminate upon the earlier of written notice from CentralSquare to Customer, the date when the permanent injunction issues, or written notice from Customer to CentralSquare terminating the license due to the continued application of the temporary injunction for 90 days or more. In the event of termination of this EULA due to an

uncured Claim, CentralSquare shall refund to Customer the license fees paid for the Licensed Software, less a prorated portion of such fees for the Customer's use of the Licensed Software, calculated by multiplying the ratio of the number of months of actual use in a live operational environment to thirty-six (36) months times the license fees paid. Any refund shall be conditioned upon Customer executing and delivering a release and waiver, in form and substance satisfactory to CentralSquare, releasing CentralSquare and its authorized reseller from any and all further liability and claims in respect to the Licensed Software. This Section 3 states the entire obligation of CentralSquare, and Customer's sole redress, regarding infringement by the Licensed Software of Intellectual Property Rights, and it will survive the termination of this EULA.

Notwithstanding the above, CentralSquare shall have no duty under this Section 3 with respect to, and Customer shall not bring an action against CentralSquare for indemnification or other causes of action with respect to, any Claim to the extent arising from or related to infringements (i) by third-party equipment or third-party operating system software upon or with which the Licensed Software operates, (ii) arising out of modifications to the Licensed Software not made by or under the direction or authorization of CentralSquare, (iii) resulting from use of the Licensed Software to practice any method or process which does not occur wholly within the Licensed Software, unless designed by CentralSquare to do so, or (iv) resulting from modifications to the Licensed Software prepared pursuant to specifications or other material furnished by or on behalf of Customer.

#### **4. Term and Termination**

Provided that the terms and conditions of this EULA are complied with at all times, and subject to the termination provisions below, the licenses provided hereunder are perpetual.

Customer may surrender the licenses granted hereunder at any time by giving written notice to CentralSquare and ceasing use of the Licensed Software.

CentralSquare may terminate the licenses granted hereunder for cause if Customer materially breaches the terms of this EULA or otherwise infringes CentralSquare's intellectual property rights in the Licensed Software, which breach is not remedied within thirty (30) days after the date of written notice to Customer of such breach.

Upon termination of the licenses granted hereunder, Customer shall permanently remove any Licensed Software from Customer's equipment, back-up media, or other storage locations and either (i) return all copies thereof to CentralSquare or (ii) destroy such copies, as CentralSquare directs.

The provisions of Sections 2.2, 2.3, 3, 4, 6 and 7 shall survive the termination of the licenses granted herein.

##### **4.1 Additional Agency Term**

Customer will be part of the Cascade County, MT system (hereinafter the "host agency"). CentralSquare may immediately terminate this EULA if the Software License and Service Agreement is not in full force and effect between CentralSquare and the host agency. If termination of this EULA occurs for this reason, CentralSquare will work in good faith with Customer to develop and negotiate a new contract.

## 5. Licensed Software and Support

Please refer to Exhibit A – Pricing Detail for the list of software licenses being acquired by Customer as part of the host agency’s system. The license terms for the host agency are set forth in the separate Software License and Service Agreement between the host agency and CentralSquare.

For all software licensed under this EULA and residing on the host agency’s server(s)/system, implementation and support of such software will be in accordance with the provisions of the host agency’s Software License and Service Agreement.

## 6. Limitation of Liability

The total liability of CentralSquare for any claim or damage arising under this EULA, whether in contract, tort, by way of indemnification or under statute shall be limited to (i) direct damages which shall not exceed the license fees paid for the Licensed Software or (ii) in the case of bodily injury or property damage for which defense and indemnity coverage is provided by CentralSquare’s insurance carrier(s), the coverage limits of such insurance.

IN NO EVENT SHALL CENTRALSQUARE BE LIABLE, WHETHER IN CONTRACT OR IN TORT, FOR LOST PROFITS, LOST SAVINGS, LOST DATA, LOST OR DAMAGED SOFTWARE, OR ANY OTHER CONSEQUENTIAL OR INCIDENTAL DAMAGES ARISING OUT OF THE USE OR NON-USE OF THE LICENSED SOFTWARE, OR OTHERWISE RELATED TO THIS EULA, REGARDLESS OF WHETHER CENTRALSQUARE HAD KNOWLEDGE OF THE POSSIBILITY OF ANY SUCH LOSS OR DAMAGE.

CentralSquare, and not its authorized reseller from whom Customer may have purchased the Licensed Software, is responsible for honoring all Customer infringement and warranty claims and service issues associated with the Licensed Software. All Customer claims, for infringement, warranty or service issues, shall be addressed to CentralSquare in writing at the address set forth below (or such other principal business address of CentralSquare as CentralSquare shall post on CentralSquare’s website, at [www.CentralSquaretech.com](http://www.CentralSquaretech.com)). Customer acknowledges and agrees that CentralSquare’s authorized reseller bears no liability, and Customer shall not bring a claim against such authorized reseller, for infringement, warranty or service issues in respect to the Licensed Software or any other service or product furnished by CentralSquare.

## 7. Warranty

CentralSquare warrants that it owns or otherwise has all necessary rights in the Licensed Software to lawfully permit it to license the Licensed Software as described in this Agreement. CentralSquare further warrants that the Licensed Software (including any ordered custom programming, enhancements and updates to such Licensed Software furnished by CentralSquare to Customer) will operate in conformity with CentralSquare’s applicable product specifications and documentation (including the applicable user guide(s)) for a period of twelve (12) months from the date of Go Live. In the event a warranty defect or breach is reported by Customer to CentralSquare, CentralSquare will, at its discretion, either correct or replace the defective Licensed Software with fully functioning replacement Licensed Software. Upon notice of a warranty defect or breach, CentralSquare shall correct or replace the Licensed Software within a reasonable timeframe.

Warranties for third party equipment or third party software supplied by CentralSquare (or its authorized reseller) will be provided by the applicable vendor and passed through to the Customer by CentralSquare, provided, for purposes of clarification, the foregoing does not limit the warranty made by CentralSquare on the Licensed Software in this EULA. CentralSquare will reasonably cooperate with Customer in Customer's pursuit of such third-party warranty claims.

CENTRALSQUARE MAKES AND CUSTOMER RECEIVES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, IN RESPECT TO THE LICENSED SOFTWARE.

## 8. General Terms

This EULA represents the entire agreement between the parties hereto and a final expression of their agreements with respect to the Licensed Software, and supersedes all prior written agreements, oral agreements, representations, descriptions, understandings or negotiations with respect to the matters covered by this EULA. If any term, provision, condition or covenant of this EULA is held to be invalid, void or unenforceable, the rest of the EULA shall remain in full force and effect and shall in no way be affected, impaired or invalidated. No amendment to this EULA shall be effective unless it is in writing and signed by Customer and an authorized officer of CentralSquare. No term or provision hereof shall be deemed waived and no breach excused unless such waiver or consent shall be in writing and signed by the party claimed to have waived or consented. Any consent by any party to or waiver of a breach by the other, whether express or implied, shall not constitute a consent to, waiver of, or excuse for any other different or subsequent breach. Les,

Thank you for inviting me over to the fairgrounds to see what you would like done. I am writing an estimate to power wash and spray paint the exterior surfaces of the horse barns at the fairgrounds.

I would power wash all the surfaces to be painted to remove any loose debris and chalkiness. Next I would spray a deep coat of white over the exterior walls of Barns A,B,C,D,E,H, and I. I will follow up with a lawn vacuum to remove the paint chips generated. I would be using Sherwin Williams A-100 Exterior satin white as a product. Quantity of paint is based off general square footage.

Les,  
This is an addition to the Fairgrounds Horse Barn estimate.

There are two buildings to add the estimate. They are surrounded by the horse barns described in the preceding estimate, and will be prepped and painted in the same manner.

I would be power washing the structures and spraying them the same white color as the horse barns.

## **SPECIAL INFORMATION**

1. The Cascade County Commission is in receipt of a Preliminary Plat Application (“Application”) from Roy and Diane Volk.
2. Attached is a copy of the Major Preliminary Plat, which will subdivide 80.955 acres into eight (8) lots. The new residential lots will be sized from 2.62 acres to 30.101 acres.
3. As proposed, Lots 34 and 35 are each divided by a public right-of-way, namely Rimrock Lane.<sup>1</sup>
4. Pursuant to § 76-3-605, MCA a public hearing is required for this major subdivision.
5. There are no delinquent taxes on this property.
6. An Environmental Assessment is required pursuant to § 76-3-603(1)(a), MCA (2019) and is included in the Application.
7. The project lies inside the Approach/Departure Clearance Surface Military Overlay District (“MOD-E”), which prohibits development of structures over 50 feet in height.<sup>2</sup> This height limit is based on the elevation of the helicopter runway at Malmstrom (3,526 feet).<sup>3</sup>
8. The lots to be created are not located in a regulated floodplain.
9. Legal notice of this proposed subdivision was sent to surrounding property owners on August 3, 2020 and appeared in the Great Falls Tribune on August 23, 2020 & August 30, 2020.
10. Interested Agencies were provided with notification letters and a request for comments on August 24, 2020.
11. Access to the proposed subdivision will be from the county road, Dune Drive, to the private road, Big Bend Lane. Access to the lots will be provided by an existing internal road system that includes Crossover Lane and Rimrock Lane. Access to Lot 36 would be off the section of Rimrock Lane that does not meet the CCSR road design standards.
12. Two separate variances are requested from the Design and Improvement Standards for fire protection<sup>4</sup>: One for access and the other for ingress/egress.
13. The Applicant’s Traffic Impact Analysis estimates that when/if fully developed, this subdivision will generate an additional 80 trips per day. The area of most significant impact

---

1 See recommended Condition #23; CCSR § 10-3 (D)(2) provides that no lot may be divided by a public road or alley right-of-way or easement.

2 Cascade County Zoning Regulations (“CCZR”) § 16 “Height Military Overlay District” provides no structures greater 50 feet in height are allowed in MOD-E unless a variance is approved by the Cascade County Zoning Board of Adjustment.

3 See recommended Condition #14.

4 CCSR § 10-15 (F)(1) Legal and Physical Access - Access to the property in all major subdivisions and some minor subdivisions shall be provided by a minimum of two approaches, located as remotely from each other as possible to assure more than one ingress/egress route for residents and emergency service providers.

is anticipated to be Big Bend Lane and Dune Drive, which directly connect to Fox Farm Road. According to the Traffic Impact Study submitted with the Application, no adverse traffic impact issues have been identified.

14. Park land dedication is a requirement of this proposed subdivision. The eight (8) proposed residential zoned lots will cover 80.955 acres. The developer is required to dedicate 5% of the area of the land to be subdivided into parcels larger than one acre and not larger than three acres to park land, which comes out to 0.54 acres. The developer is required to dedicate 2.5% of the area of the land to be subdivided into parcels larger than 3 acre and not larger than 5 acres to park land, which comes out to 0.079 acres. The total amount of dedicated park land required for this subdivision is 0.619 acres. The Applicant plans on designating 19.502 acres of Park land in the aggregate for Missouri River Big Bend II, Phase I and Missouri River Big Bend II, Part II.
15. The proposed subdivision will receive law enforcement services from the Cascade County Sheriff's Department and fire protection services from the Gore Hill Volunteer Fire Department.
16. According to the Community Fire Plan Wildland-Urban Interface for Cascade County and Dearborn Fire District, Lewis and Clark County, the property is designated as Low to Moderate Terrain/Fuel Hazard. According to the Applicant's Wild land Fire Risk and Hazard Severity Assessment Form, the Property is considered a moderate hazard. The proposed subdivision has already installed four (4) fire suppression cisterns onsite that will serve as the fire protection source. The proposed eight (8) lots require a total of 14,000 gallons. The four (4) installed storage tanks have the capacity to hold 7,500 gallons each, making the total onsite storage 30,000 gallons. This meets the CCSR requirement of 10,000 gallons + 500 gallons per lot.
17. Parcels# 0002389700, 0002389710, and 0002391925 are included in the Fox Farm RSID. Attached is Resolution 16-48 with Exhibit A showing the parcels as included.
18. On August 18, 2020 the Planning Board unanimously (6-0) recommended approval of the Preliminary Plat of Missouri River Big Bend II Part II , subject to the twenty-five (25) conditions set forth in the Staff Report,. The Planning Board also unanimously (6-0) recommended approval of Variance Request 1 , subject to the three (3) conditions in accordance with Alternative 1 set forth in the Staff Report, , and denial of Variance Request 2.

## **VARIANCE REQUESTS**

The Applicant(s) have requested two variances from design and improvement standards for fire protection, specifically requesting variances from legal and physical access requirements delineated in CCSR: §10-15(F)(1).

### ***Section 11. Variances.***

*The Cascade County Commissioners may grant variances from Section 10, Design and Improvement Standards when, due to the characteristics of land proposed for subdivision, strict compliance with these standards would result in undue hardship and would not be essential to the*

public welfare.<sup>5</sup> A variance will not be granted if it would have the effect of nullifying the intent and purpose of these Regulations.<sup>6</sup> The Board may impose reasonable conditions to secure the objectives of the CCSR to grant the variance.

The CCSR provides that the purpose of the Regulations is “to promote the public health, safety, and general welfare by regulating the subdivision of land; ...to provide for...ingress and egress, and other public requirements; to promote development approaches that minimize costs to local citizens and that promote effective and efficient provision of public services....”<sup>7</sup>

The CCSR provides that these Regulations are intended to promote in part: “the orderly development of the jurisdictional area; the coordination of roads within subdivided land with other roads, both existing and planned; the dedication of land for roadways and for public utility easements; the improvement of roads; the provision of proper physical and legal access, including obtaining necessary easements; ...the avoidance or minimization of congestion; ...the avoidance of danger or injury by reason of natural hazard or the lack of...access, transportation, or other improvements....”<sup>8</sup>

The County Commission shall not approve a variance unless it finds that:

1. The conditions on which the request for a variance is based are unique to the property on which the variance is sought and are not generally applicable to other properties; and
2. Due to the physical surroundings, shape, or topographical conditions of the property involved, strict compliance with the Regulations will impose an undue hardship on the owner. Undue hardship does not include personal or financial hardship, or any hardship that is self-imposed;<sup>9</sup> and
3. The variance will not be detrimental to the public health, safety, or general welfare or injurious to other adjoining properties; and
4. The variance will not cause a substantial increase in public costs; and
5. The variance will not place the subdivision in nonconformance with any adopted zoning regulations.

### **Variance Proposals (See MRBB II, Part II App., Appx. I)**

Two (2) variances are requested from the Design and Improvement Standards<sup>10</sup>, “Access, Ingress, Egress & Evacuation,” namely: Legal and Physical Access - Access to the property in all major subdivisions and some minor subdivisions shall be provided by a minimum of two approaches, located as remotely from each other as possible to assure more than one ingress/egress route, for residence and emergency service providers.

---

5 CCSR §§ 11-1, 11-3(A).

6 CCSR § 11-1(A).

7 CCSR § 2-3.

8 CCSR § 2-3(B).

9 See *Carlson v. Yellowstone Co. Bd. of Adjustment*, 2017 MT 186, ¶¶ 20-21, (provides the unnecessary hardship must be owing to conditions unique on the property, not the practical difficulties which were created due to Carlson’s own actions or hardship that was strictly economic).

10 CCSR § 10-15(F).

“Physical Access” is defined as “[a] driveway or roadway conforming to the subdivision design standards in the applicable law and regulation that provides unobstructed vehicular access year-round to each lot in the subdivision.”<sup>11</sup>

**Variance 1 (V1):** Request, as inferred from the Applicant’s materials, to have only one ingress/egress route in the major subdivision for residences and emergency service providers.

**Variance 2 (V2):** “This variance request is being requested as the existing roadway that serves Lot 36 does not meet current subdivision roadway standards, with respect to width.”

**Agency Comments:**

**Montana Department of Transportation:** “The Montana Department of Transportation does not have any comments at this time concerning the subject project. Thank you for your inquiry.”

**Cascade County Public Works:** “I see no significant impact to our existing roadway system for the proposed additional lots.”

**Great Falls Public Schools:** “The addition of the development will have a positive impact on the Great Falls Public School District. The additional students, that we can accommodate, fall within Meadow Lark Elementary, North Middle and CM Russell High School attendance areas. These schools will be able to accommodate the additional students. The school district may have to add an additional bus route or adjust an existing route to serve students from this new subdivision. We currently have bus service to that area.”

**Gore Hill Volunteer Fire Department:** Rural Fire Chief, John Schmiedeke, conducted a site visit on or around August 3, 2020, and provided a letter with his findings, recommendations and conclusions stating, “In the event of a major fire, medical emergency, or disaster, the current state of this property would expressly complicated, if not fail, the necessary response.” He provided the following recommendations:

- a. “Construct roadways that meet or exceed county standards and include cul-de-sac capable of accommodating large fire apparatus in excess of 33,000 GVW.” and
- b. “Establish roads to ensure at least two access, ingress, egress and evacuation options for residents and responders. This includes providing unrestricted access through what now appears to be private property.”

**Subdivision Administrator Recommended Findings of Fact and Determination:** The Subdivision Administrator recommends denial or conditional approval of the proposed variances with the following findings of fact and conditions:

1. *The conditions on which the request for a variance is based are **not** unique to the property on which the variances are sought and are generally applicable to other properties.*

---

<sup>11</sup> CCSR § 1 “Definitions.”

- a. **V1/V2 Finding of Fact:** Missouri River Big Bend was never approved as a phased development that would support the use of previously approved conditions to benefit future phases.
  - b. **V1/V2 Finding of Fact:** Any county economic recession that resulted in a suffering housing market is not unique to this Property but applied to entire county and nationally.
  - c. **V2 Finding of Fact:** The same developer received final plat approval in 2012 for Missouri River Big Bend Phase III which included Lot 7 (the proposed Lots 12 and 36).
  - d. **V2 Finding of Fact:** The Rimrock Lane has been used as an emergency egress for Missouri River Big Bend II, Phase I and Missouri River Big Bend Phase III and was required to meet Design and Improvement Standards with the condition that once the first (1<sup>st</sup>) through sixteenth (16<sup>th</sup>) lots were sold, final plat was allowed to be submitted and filed prior to emergency fire access was completed. See attached *Notice of Conditional Approval* for MRBB II, and MRBB III. Rimrock Lane will now be used in this subdivision for legal and physical access to lots, not just serving as an emergency fire access.
  - e. **V2 Finding of Fact:** Access requires both legal and physical access whereby physical access is required for each lot in the subdivision for adequate fire protection. To obtain physical access to proposed Lot 36, the developer would need to bring up approximately 395 feet of Rimrock Lane to CCSR standards and install either a cul-de-sac or “T” turnaround.<sup>12</sup>
  - f. **V2 Finding of Fact:** Lot 36 does have sanitary restrictions placed on the property making it unique to other surrounding residential lots within the proposed subdivision, but does not make it unique to lots in other subdivision that also have sanitary restrictions. Additionally, if those sanitary restriction were removed through the Health Department, there is a possibility of someone building two residences on the property without having to improve the road to CCSR standards with an approval of a Special Use Permit.
2. *Due to the physical surroundings, shape, or topographical conditions of the property involved, strict compliance with the Regulations will impose an undue hardship on the owner for V1, but not V2.*
    - a. **V1 Finding of Fact:** The Applicants states that easements will be costly to obtain and road construction will be costly due to topography and lengths. Undue hardship does not include personal or financial hardship.
    - b. **V1 Finding of Fact:** The topography of the area is unique and restricting, limiting the options of ingress/egress for the development.

---

<sup>12</sup> CCSR § 10-4.

- c. **V2 Finding of Fact:** The Applicant states in their request V2, “There is no physical conditions or topography that prevents the applicant from meeting the strict letter of the regulations.” (See MRBB II, Part II Application, Appx. I).
  - d. **V2 Finding of Fact:** The Applicant goes into detail on how Lot 36 was created; however, an undue hardship cannot be self-created. The Applicant is the same developer for MRBB II, Phase I and MRBB III.
  - e. **V2 Finding of Fact:** The Applicant states, “If more than one home were proposed to be constructed on Lot 36, there would need to be a subdivision in which the existing roadway would be required to be upgraded at that time.” However, constructing a second dwelling would require a Special Use Permit and would not guarantee subdivision review unless the parcel was being split.
  - f. **V2 Finding of Fact:** The proposed area of Rimrock Road that will provide access to Lot 36 is not limited in space given either topography, property boundaries, or existing structures.
3. *The variance will be detrimental to the public health, safety, and/or general welfare and/or injurious to other adjoining properties.*
- a. **V1/V2 Finding of Fact:** This Property is located in the Wildland Urban Interface. According to the Wildlife Fire Risk and Hazard Severity Assessment, the Property is considered to be a moderate risk of wildland fire.
  - b. **V1 Finding of Fact:** Big Bend Lane is the only ingress/egress for this subdivision as well as MRBB II Phase I, MRBB Phase III, which creates an emergency hazard for residents and emergency services if it becomes congested or impassable.
  - c. **V1 Finding of Fact:** The Applicant is proposing to subdivide the Property into 8 residentially zoned lots, which will increase the residential density of the area and increase the use of the existing road. According the Traffic Impact Analysis submitted with the application materials, this development has a potential to produce eighty (80) additional vehicle trips per day on the internal road system as well as Dune Drive and Fox Farm Road. Cascade County Public Works has no concerns with the additional traffic volume on the county roads.
  - d. **V2 Finding of Fact:** To obtain physical access to the proposed Lot 36, the developer would need to bring up approximately 395 feet of Rimrock Lane to CCSR standards and install either a cul-de-sac or “T” turnaround. Providing CCSR standard physical access to each lot of a subdivision is a standard for fire protection. Without meeting this standard there is a potential for negative impacts to public health and safety. A Cul-de-sac or “T” turn around with a radius of at least 45 feet is the standard for a dead-end road to accommodate emergency services<sup>13</sup>.

---

13 § CCSR 10-15(F)(2) Dead Ends - Every dead-end roadway more than 300 ft (92 m) in length shall be provided at the closed end with a turnaround having a radius of 45 feet.

4. *The variance will not cause a substantial increase in public costs.*
  - a. **V1/V2 Finding of Fact:** Both variances requested will not increase public costs as the proposed internal access road system is privately owned and maintained.
5. *The variances will not place the subdivision in nonconformance with any adopted zoning regulations.*
  - a. **V-1/V-2 Finding of Fact:** The Property Location is zoned Suburban Residential 2 and all proposed lots are larger than the minimum lot size of two (2) acres. The granting of these variances would not place the subdivision in nonconformance with the Cascade County Zoning Regulations.

## **Recommendations:**

### **1. Variance 1 Recommended Motions:**

- a. **Alternative 1:** “I move Variance 1 be **approved** with the following conditions:
  - i. Obtain a signed letter from the Gore Hill Volunteer Fire Department stating that one access road is sufficient to provide adequate fire protection and emergency services to the entire subdivision in the event Rimrock Road becomes congested or impassible.

Or;

  - ii. A covenant shall be filed with the final plat stating: “The Missouri River Bend II, Part II, Major Subdivision property owners shall maintain the internal access road and road approach, and shall keep the entire width of the road clear of all vehicles, campers, boats, trailers, materials, or any other item in order to aid emergency vehicle response capabilities.”
  - iii. Prior to final plat approval the subdivider shall install no parking signs along the internal access road which notifies all landowners of the requirement to keep the road right-of-way clear of all encroachments.”
- b. **Alternative 2:** “I move Variance 1 be **denied** on grounds that the Applicant has not provided sufficient evidence to support a positive finding that (1) the conditions on which the request for a variance is based are unique to the property on which the variance is sought and are not generally applicable to other properties; and (2) the granting of the variance will be detrimental to the public health, safety, or general welfare or injurious to other adjoining properties, and, therefore, the developer shall install a second ingress/egress road that complies with Cascade County Subdivision Regulations § 10-15(F)(1) for a major subdivision prior to final plat approval as conditioned below.”

### **2. Variance 2 Recommended Motion:**

- a. **Alternative 1:** “I move Variance 2 be **denied** on the grounds that the Applicant has not provided sufficient evidence to support a positive finding that (1) the conditions on which the request for a variance is based are unique to the property on which the variance is sought and are not generally applicable to other properties; (2) that the physical conditions, such as the parcels shape or

topography, prevent the Applicant from meeting the strict letter of these Regulations; and (3) the granting of the variance will not be detrimental to the public health, safety, or general welfare or injurious to other adjoining properties.”

- b. **Alternative 2:** The Board must set forth findings of fact to support a positive finding that the variance criteria of CCSR § 11-3 are satisfied in order to approve the variance.

## **VI. Conclusion.**

The proposed subdivision with the inclusion of the recommended findings and conditions will mitigate any adverse effects of the review criteria and bring the subdivision in compliance with the requirements of § 76-3-608(3), MCA.

## **VII. Recommendations.**

The following motions are provided for the Board’s consideration:

- A. “I move the Cascade County Commission, after consideration of the Staff Report and Findings of Fact, **deny** the Preliminary Plat Application for Missouri River Big Bend II, Part II Major Subdivision;”

## **FINDINGS OF FACT**

### **MAJOR SUBDIVISION PRELIMINARY PLAT OF MISSOURI RIVER BIG BEND II, PART II, BEING A REMAINDER TRACT OF MISSOURI RIVER BIG BEND II, PHASE I, AND LOT 7 OF MISSOURI RIVER BIG BEND III ALL SITUATED IN THE SW ¼ OF S11, THE E ½ E ½ OF SECTION 15, AND THE NW ¼ NW ¼ OF SECTION 14, AND THE SE ¼ SE ¼ OF SECTION 10, T. 19 N., R. 3 E., P.M.M CASCADE COUNTY, MONTANA**

The Application requesting preliminary plat approval for Missouri River Big Bend II, Part II, a major subdivision, was received on March 4, 2020. The submittal was determined to contain all required components sufficient for adequate public review on July 2, 2020. On August 18, 2020 a public hearing was held for the Cascade County Planning Board (“Planning Board”) and on September 8, 2020 a public hearing is scheduled for the Cascade County Board of Commissioners (“County Commission”). Notice of the public hearing was sent to adjacent property owners on August 3, 2020 and published in the Great Falls Tribune on August 2, 2020, August 4, 2020, August 9, 2020, August 23, 2020, and August 30, 2020.

Roy and Diane Volk request preliminary plat approval for Missouri River Big Bend II, Part II Subdivision, major subdivision, consisting of eight (8) residentially zoned lots ranging in size from 2.62 acres to 30.101 acres. The total acreage of the project site is 80.955 acres.

#### **I. PRIMARY REVIEW CRITERIA**

##### **A. Effect on Agriculture.**

The proposed subdivision presently consists of three (3) parcels of land (80.955 acres) within the Suburban Residential 2 (SR-2) Zoning District. Surrounding property of the project site is residentially zoned, SR-2 Zoning District. The soil is made up of:

Parcels# 0002389710 & 0002389700: 9.0% Absher-Nobe Complex (0-5% slopes), 15.2% Big Timber-Castner Complex (30-70% slopes), and 5.3% Torex loamy sand (0-6% slopes). All of which are not considered prime farmland. 12.3% Fergus silty clay loam (0-2% slopes) Farmland classification is: All areas are prime farmland. 58.3% Twin Creek loam (2-8% slopes) Farmland classification is: Farmland of statewide importance.

Parcel# 0002391925: 21.2% Lihen loamy sand (8-20% slopes), and 78.8% Yetull loamy sand (4-20% slopes). Neither of which are prime farmland. All soil information was found on the National Cooperative Soil Survey (NRCS) Website<sup>1</sup>.

##### **B. Effect on Local Services.**

The proposed subdivision will receive law enforcement services from the Cascade County Sheriff’s Department and fire protection and emergency medical services from the Gore Hill Rural

<sup>1</sup> <https://websoilsurvey.sc.egov.usda.gov/App/WebSoilSurvey.aspx>

Volunteer Fire Department (VFD). The proposed eight (8) lots require a total of 14,000 gallons. The four (4) installed storage tanks have the capacity to hold 7,500 gallons each, making the total onsite storage 30,000 gallons. This meets the CCSR requirement of 10,000 gallons + 500 gallons per lot. If Condition #23 is recommended, the requirement will be 15,000 gallons. All lots in this proposed subdivision is within 1,000 feet of the existing cisterns.

A certified letter and an email requesting comments was sent to the Gore Hill Volunteer Fire Department and the Planning Department received a letter dated August 7, 2020 attached hereto with the Chief's findings, recommendations, and conclusion, which support mitigating conditions for fire protection and emergency services.

Parkland dedication is a requirement of this proposed subdivision. The eight (8) proposed residential zoned lots will cover 80.955 acres. The developer is required to dedicate 5% of the area of the land to be subdivided into parcels larger than one acre and not larger than three acres to parkland, which comes out to 0.54 acres. the developer is required to dedicate 2.5% of the area of the land to be subdivided into parcels larger than 3 acre and not larger than 5 acres to parkland, which comes out to 0.079 acres. The total amount of dedicated parkland required for this subdivision is 0.619 acres. The Applicant plans on designating 19.502 acres of Parkland.

The Applicant's Traffic Impact Analysis indicates the subdivision will generate an additional 80 vehicle trips per day at full build out. The area of most significant impact is anticipated to be Big Bend Lane and Dune Drive. According to the Traffic Impact Study submitted with the Application, no adverse traffic impacts issues that have been identified.

Letters requesting comments were sent to the Montana Department of Transportation, and the Cascade County Road and Bridge Division who did not find that there would be significant impact to existing roadways. Any comment will be forwarded to the Planning Board and the County Commission.

### **C. Effect on the Natural Environment.**

Subdivision of this size is not expected to create significant surface run-off problems. The proposed development is outside of any regulated floodplains, will not alter any lakebeds or stream channels, and is approximately 0.1 miles West of the Missouri River. The Montana Department of Environmental Quality ("MDEQ") will review the subdivision plan as part of the Sanitation in Subdivisions Act and will include a review of the stormwater design to mitigate runoff resulting from development in the subdivision.

The soil is made up of Fergus silty clay loam which is classified as "All areas are prime farmland" and Twin Creek loam Farmland which is classified as "Farmland of statewide importance". All other soil types present on the subject property are not prime farmland. Letters requesting comments were sent to the Cascade Conservation District for review, any comments received will be forwarded to the Planning Board and County Commission.

The subdivision is not expected to adversely affect native vegetation, soils, water quality, or the quantity of surface or ground waters. Disturbed areas during the development phase will be re-seeded and to fulfill condition number 8, the developer will need to obtain a weed management plan that is approved by the Cascade County Weed Board.

#### **D. Effect on Wildlife and Wildlife Habitat.**

This subdivision location is in an area that is experiencing steady residential development as development spreads south of Great Falls. According to the Summary of Probable Impacts submitted with the application, no critical habitat areas for wildlife have been identified on the subject property and no adverse impacts to wildlife are anticipated as a result of this subdivision. Letters requesting comment have been submitted to the Montana Department of Fish, Wildlife, and Parks, any comments received will be forwarded to the Planning Board and County Commission. The subdivision will neither result in closure of public access to hunting or fishing areas, nor to public lands.

#### **E. Effect on Public Health and Safety.**

According to the Wildland Fire Risk and Hazard Severity Assessment the subject property is considered at moderate risk of wildland fire. Wildfires are always a possibility in subdivisions when located within the wildland urban interface. Fire and emergency services have been addressed. Vehicle access to the subdivision will be from Fox Farm Road to Dune Drive and then to the internal road system of Big Bend Lane, Rimrock Lane, and Crossover Lane. The proposed subdivision may adversely impact public health and safety with regards to fire protection and emergency services. Internal subdivision roads may affect emergency response capabilities.

### **II. REQUIREMENTS OF MONTANA SUBDIVISION AND PLATTING ACT, UNIFORM STANDARDS FOR MONUMENTATION, AND LOCAL SUBDIVISION REGULATION**

The subdivision meets the requirements of the Montana Subdivision and Platting Act and the surveying requirements specified in the Uniform Standards for Monumentation and conforms to the design standards specified in the Cascade County Subdivision Regulations if the ingress/egress variance and the access variance are denied. The Developer and Cascade County have complied with the subdivision review and approval procedures set forth under the applicable laws and regulations.

### **III. COMPLIANCE WITH THE CASCADE COUNTY GROWTH POLICY**

The proposed subdivision is in compliance with the *Cascade County Growth Policy* to preserve and enhance the rural, friendly and independent lifestyle currently enjoyed by Cascade County's citizens and by ensuring that all new roads be built to county specifications, designing subdivisions so as to minimize the risk of fire, adequate water supply systems, requiring local review of subdivisions meet MDEQ regulations, and by complying with the weed district's weed management plans. The area is not located in a designated Resource Protection Area, Prohibitive Development Area or Conditional Development Area; therefore, those standards are not applicable to the proposed subdivision.

#### **A. Setback Standards.**

The minimum standards must comply with the *Cascade County Zoning Regulations*.

**B. Slope Standards.**

Development on slopes exceeding twenty five percent (25%) is prohibited except where a licensed engineer, with demonstrated experience in the field of slope stabilization, certifies that the development will create no slope failure or erosion hazards. Based on the application material provided, there are no slopes exceeding fifteen (15%) in this development.

**C. Off-Street Parking Standard.**

All parking in the proposed subdivision will be accommodated on the premises and entirely off-street.

**D. Residential Development Standard.**

The minimum standards must comply with the *Cascade County Zoning Regulations*.

**E. Soil Erosion Standard.**

The proposed subdivision should not negatively impact soil erosion or other adverse impacts of runoff on neighboring properties, roads, or watercourses. The development must obtain MDEQ approval for the subdivision.

**F. Soils Limitations Standard.**

Soils that have moderate or severe limitations for the proposed subdivision will be identified and measures to mitigate such limitations will be implemented. No soil limitations were identified in the Subdivision Application.

**G. Road Acceptance and Maintenance Policy.**

Legal access, described as public street and utility easement, to the lots will be provided on the final plat. There are three private access roads that will be privately maintained by the HOA to access the subdivision, Big Bend Lane, Rimrock Lane, and Crossover Lane. The applicant has applied for two separate variances, both from CCSR § 10-15(F)(1)<sup>2</sup>. A variance from ingress/egress, due to Rimrock Lane and Crossover Lane meeting at Big Bend Lane causing only one way in and out of the overall development. A variance from physical access to the proposed Lot 36 was also requested. The County will not have responsibility for road maintenance until such time as the County accepts the internal roads as County roads.

**H. Fire Protection Standard.**

This development lies within and receives fire protection services from the Gore Hill

---

<sup>2</sup> CCSR § 10-15 (F)(1) Legal and Physical Access - Access to the property in all major subdivisions and some minor subdivisions shall be provided by a minimum of two approaches, located as remotely from each other as possible to assure more than one ingress/egress route for residents and emergency service providers.

Volunteer Fire District. Response time will be dictated by weather and road conditions. A letter and email have been sent to the Gore Hill Fire Chief asking for comments on the proposed subdivision and variance requests. A letter dated August 7, 2020 was received from the Gore Hill Fire Rescue providing findings and recommendation to construct roadway that meet or exceed county standards and to provide at least two access, increase, egress and evacuation option for residents and emergency responders.

#### **I. School System's Capacity Standard.**

Letters were sent to the Cascade County Superintendent of Schools and the Great Falls Public Schools Superintendent. Cascade County Planning Department received a letter stating that Meadowlark Elementary School, North Middle School, and C. M. Russell Highschool can accommodate the extra students but may need to adjust an existing bus route or add a new one.

#### **IV. EASEMENTS FOR UTILITIES**

Any comments received by staff will be forwarded to the Planning Board and County Commission. All easements will be shown on the final plat.

#### **V. LEGAL AND PHYSICAL ACCESS**

Legal access will be provided to all lots through private street easements placed on the final plat. The existing roads in this subdivision will not be the responsibility of the county until such time as the county accepts them. The development will be accessed from Big Bend Lane, Rimrock Lane, and Crossover Lane. A variance has been requested for physical access to the proposed lot 36.

#### **VI. OPTIONS AND RECOMMENDATIONS**

In making their recommendations and decisions, the Planning Board and the County Commission shall consider the following:

- A. Relevant evidence relating to the public health, safety, and welfare;
- B. The Summary of Probable Impacts;
- C. The Cascade County Growth Policy; and
- D. The provisions outlined in the Cascade County Subdivision Regulations and the Montana Subdivision and Platting Act.

#### **VII. DECISION ALTERNATIVES**

1. Approve the proposed subdivision.
2. Approve the proposed variances.
3. Approve the proposed subdivision with conditions.
4. Approve the proposed variances with conditions.
5. Table the proposed subdivision and variances for further study.
6. Deny the proposed subdivision.
7. Deny the proposed variances.

RESOLUTION RELATING TO RURAL SPECIAL IMPROVEMENT DISTRICT NO. 16-01; DECLARING IT TO BE THE INTENTION OF THE BOARD OF COUNTY COMMISSIONERS TO CREATE RURAL SPECIAL IMPROVEMENT DISTRICT NO. 16-01 FOR THE PURPOSE OF UNDERTAKING CERTAIN LOCAL IMPROVEMENTS AND FINANCING THE COSTS THEREOF AND INCIDENTAL THERETO

BE IT RESOLVED by the Board of County Commissioners (the "Board") of Cascade County (the "County"), Montana, as follows:

Section 1. Proposed Improvements; Intention to Create Districts. Pursuant to Section 7-12-2102, Montana Code Annotated, the County proposes to undertake certain local improvements (the "Improvements") to benefit certain property located in the County. The Improvements consist of designing, engineering, and construction and reconstruction of a 1.2-mile section of Fox Farm Road, as more particularly described in Section 5. It is the intention of this Board to create and establish in the County under Montana Code Annotated, Title 7, Chapter 12, Part 21, as amended (the "Act"), a rural special improvement district (the "District") for the purpose of financing the costs of the Improvements benefiting the District and paying costs incidental thereto. The total estimated costs of the Improvements, including costs incidental thereto, are \$4,072,726.31.

Section 2. Number of District. The District, if the same shall be created and established, shall be known and designated as Rural Special Improvement District No. 16-01 of Cascade County, Montana.

Section 3. Boundaries of District. The limits and boundaries of the District are depicted on a map attached as Exhibit A hereto (which is hereby incorporated herein and made a part hereof) and more particularly described by the legal description of the lots within the District on Exhibit B hereto (which is hereby incorporated herein and made a part hereof), which boundaries are designated and confirmed as the boundaries of the District. A listing of each of the properties in the District and a description thereof is shown on Exhibit B hereto. None of the properties in the District is located within the limits of the City of Great Falls or other municipality.

Section 4. Benefited Property. The properties included within the District described in Section 3 and as shown on Exhibits A and B are hereby declared to be the properties which will be benefited by the Improvements located therein or serving such properties and will be assessed for the costs of the Improvements and incidental costs as described in Sections 1 and 7. The Board declares that all of the property in the District subject to assessment is benefited by the Improvements, not just the property abutting such improvements, and the contemplated work of Improvement, in the opinion of the Board, is of more than local or ordinary public benefit.

Section 5. General Character of the Improvements. The general character of the improvements is design, engineering, construction, and reconstruction of a 1.2 mile section of Fox Farm Road serving Fox Farm Road residents and adjacent areas, including Fawn Drive, Highwood Drive, Dune Drive Cub Drive, Hawk Drive, Bob Marshall Place, Little Belt Drive, Bear Paw Place, Sweetgrass Place, Dune Ridge Lane, Field Stone Court, Big Bend Lane, Bend View Lane, Big Bend Ridge, Missouri Shores, Morning View Lane, Missouri Bend, Rimrock Lane, Crossover Lane, Stoneridge Lane, Waters Edge Lane and Stonegate Rd.

Section 6. Engineer and Estimated Cost. Big Sky Civil & Environmental, Inc., of Great Falls, Montana, shall be the Engineer for the District. The Engineer has estimated that the cost of the Improvements, including all incidental costs, is approximately \$4,072,726.31, as shown in Exhibit C.

Section 7. Assessment Methods.

7.1. Equal Assessments. Each lot, tract, or parcel of land in the District will be assessed an equal amount based upon the total cost of the financed Improvements and costs incidental thereto, which is estimated to be \$4,072,726.31. By dividing this estimated cost equally among all properties in the District, the assessment per lot, tract or parcel is estimated to be \$10,689.57.

If an increase occurs in the number of benefited lots, tracts, or parcels within the boundaries of the District during the term of the RSID, the Board will recalculate the amount assessable to each lot, tract or parcel. The recalculation will be based on the amount of the District's outstanding principal of and interest on the loan for the current fiscal year and the County will spread the assessments across the District based on the number of benefited lots, tracts, or parcels within the boundaries of the District as of the next taxing year following the action that resulted in the increase in the number of benefited lots, tracts, or parcels, all as provided in Section 7-12-2151(4), M.C.A. In doing so, the Board will comply with Sections 7-12-2158 through 7-12-2160, M.C.A.

From and after creation of the District the lien of the special assessments to pay or finance the costs of the Improvements and incidental costs is not extinguished or diminished by the combination or consolidation of multiple lots into fewer lots; accordingly, the area consisting of the combined or consolidated lot or lots will be assessed in an amount equal to the amount it would have been assessed had the combination or consolidation of lots not occurred.

7.2. Assessment Methodology Equitable and Consistent with Benefit. This Board hereby determines that the method of assessment and the assessment of costs of the specific Improvements against the properties benefited thereby as prescribed in this Section 7 are equitable and in proportion to and not exceeding the special benefits derived from the Improvements by the lots, tracts and parcels to be assessed therefor within the District.

Section 8. Method of Financing; Payment of Assessments for Repayment of Bonds. The special assessments for the costs of the Improvements benefiting the District and costs incidental thereto shall be payable over a term not exceeding 20 years, each in equal semiannual installments of principal, plus interest as allowed by law, or equal semiannual payments of principal and interest as allowed by law, as this Board shall prescribe in the resolution authorizing the issuance of the loan. Property owners have the right to prepay assessments as provided by law. The estimated total principal amount of special assessments for undertaking the Improvements against each property in the District is estimated to be \$9,186.35. In the event the District is created and the loan is issued, the special assessments levied against property in the District will be stated as semiannual installments of principal and interest.

Section 9. Public Hearing; Protests. At any time within thirty (30) days from and after the date of the first publication of the notice of the passage and approval of this resolution, any owner of real property within the District subject to assessment and taxation for the cost and expense of making the Improvements may make and file with the County Clerk and Recorder until 5:00 p.m., M.T., on the expiration date of said 30-day period (July 7, 2016), written protest against the proposed Improvements, or against the extension or creation of the District or both. Such protest must be in writing, identify the property in the District owned by the protestor and be signed by all owners of the property. The protest must be delivered to the County Clerk and Recorder, who shall endorse thereon the date of its receipt by him or her. This Board will, at its next regular meeting after the expiration of the thirty (30) days in which such protests in writing can be made and filed, proceed to hear all such protests so made and filed; which said regular meeting will be held on Tuesday, July 12, 2016 at 9:30 a.m., at the Cascade County Courthouse Annex, 325 2<sup>nd</sup> Avenue North, Room 105, Great Falls, Montana.

Section 10. Notice of Passage of Resolution of Intention. The County Public Works Department is hereby authorized and directed to publish or cause to be published a copy of a notice of the passage of this resolution in the *Great Falls Tribune*, a newspaper of general circulation in the County, on June 5, 2016 and June 12, 2016, in the form and manner prescribed by law, and to mail or cause to be mailed a copy of said notice to every person, firm, corporation, or the agent of such person, firm, or corporation having real property within the District listed in his or her name upon the last completed assessment roll for state, county, and school district taxes, at his last-known address, on or before the same day such notice is first published. A copy of this resolution, as approved, will be posted to the County website.

PASSED AND ADOPTED by the Board of County Commissioners of Cascade County, Montana, this 26th day of May, 2016.

SUBJECT: Variance Request, Missouri River Big Bend II, Part II

### 1. OVERVIEW

This memorandum discusses fire protection concerns surrounding variance request for Missouri River Big Bend II, Part II, dated 3 August 2020.

### 2. DESCRIPTION

This tract consists of 36 acres situated in the SW corner of Section 11, E1/2 E1/2 of Section 15 and the NW 1/4 NW 1/4 of Section 14, and the SE1/4 SE1/4 of Section 10, T. 19 N., R. 3 E., in Cascade County, bordering the West side and termination of Rimrock Lane.

### 3. FINDINGS

a. **Streets and Roadways:** Current road conditions do not meet Cascade County Subdivision Regulations for road design standards ([www.cascadecountymt.gov](http://www.cascadecountymt.gov)). Specifically, current road does not meet width, composition, or turnaround requirements outlined in 10.4. Additionally, the cul de sac shared between lots 5, 11, 12 and 13 does not meet the standard and will not accommodate fire apparatus particularly during inclement weather.

b. **Fire Protection:** Current road conditions do not meet requirements necessary for access, ingress, egress and evacuation as outlined in 10.15. As of this date, a two-track, unimproved road connects Rimrock Lane with Big Bend Lane to the South between Lots 5 and 6. Access is posted and gated at both entrances.

### 4. RECOMMENDATIONS

a. Construct roadways that meet or exceed county standards and include cul de sacs capable of accommodating large fire apparatus in excess of 33,000 GVW.

b. Establish roads to ensure at least two access, ingress, egress and evacuation options for residents and responders. This includes providing unrestricted access through what now appears to be private property.

5. CONCLUSION

In the event of a major fire, medical emergency, or disaster, the current state of this property would expressly complicate, if not fail, the necessary response.

For more information and resources on the Part 200 Uniform Requirements as they relate to OJP awards and subawards ("subgrants"), see the OJP website at <https://ojp.gov/funding/Part200UniformRequirements.htm>.

In the event that an award-related question arises from documents or other materials prepared or distributed by OJP that may appear to conflict with, or differ in some way from, the provisions of the Part 200 Uniform Requirements, the sub-recipient is to contact MBCC promptly for clarification. - 13 Upon request, the recipient (and any subrecipient at any tier) must assist BJA in complying with the National Environmental Policy Act (NEPA), the National Historic Preservation Act, and other related federal environmental impact analyses requirements in the use of these award funds, either directly by the recipient or by a subrecipient. Accordingly, the recipient agrees to first determine if any of the following activities will be funded by the grant, prior to obligating funds for any of these purposes. If it is determined that any of the following activities will be funded by the award, the recipient agrees to contact BJA.

The recipient understands that this condition applies to new activities set out below, whether or not they are being specifically funded with these award funds. Grantee shall conform to the Global Standards Package (GSP) and all constituent elements, where applicable, as described at: [http://www.it.ojp.gov/gsp\\_grantcondition](http://www.it.ojp.gov/gsp_grantcondition). [ML107]
- 23 The subgrantee agrees that if it currently has an open award of federal funds or if it receives an award of federal funds other than this award, and those award funds have been, are being used, in whole or in part, for one or more of the identical cost items for which funds are being provided under this award, the subgrantee must promptly notify, in writing, the MBCC grant manager of the potential duplication, and, if requested by MBCC, must seek a budget-modification or change-of-project-scope grant adjustment notice (GAN) to eliminate any inappropriate duplication of funding. [ML108]
- 24 The subgrantee at any tier, must comply with all applicable requirements of 28 C.F.R. Part 38, specifically including any applicable requirements regarding written notice to program beneficiaries and prospective program beneficiaries.

Among other things, 28 C.F.R. The text of the regulation, now entitled "Partnerships with Faith-Based and other Neighborhood Organizations", is available via the Electronic Code of Federal Regulations (currently accessible at <https://www.ecfr.gov/cgi-bin/ECFR?page=browse>), by browsing to Title 28-Judicial Administration, Chapter 1, Part 38, under e-CFR "current" data. - 26 The subrecipient must collect, maintain, and provide to MBCC, data that measures performance and effectiveness of activities under this award, in the manner, and within the timeframes, specified in the program solicitation, or as otherwise specified by MBCC, OJP and/or OVW. Data collection supports compliance with the Government Performance and Results Act (GPRA) and the GPRA Modernization Act of 2010, and other applicable laws. [ML135]
- 27 A subrecipient that is eligible under the Part 200 Uniform Requirements and other applicable law to use the "de minimis" indirect cost rate described in 2 C.F.R. 200.414(f), and that elects to use the "de minimis" indirect cost rate, must advise MBCC in writing of both its eligibility and its election, and must comply with all associated requirements in the Part 200 Uniform Requirements. - 28 The subgrantee at any tier, must comply with all applicable requirements for authorization of any subaward. This condition applies to agreements that -- for purposes of federal grants administrative requirements -- OJP considers a "subaward" (and therefore does not consider a procurement "contract").

The details of the requirement for authorization of any subaward are posted on the OJP web site at <http://ojp.gov/funding/Explore/SubawardAuthorization.htm>. (Award condition: All subawards must have specific federal authorization), and are incorporated by reference here. [ML142]

- 29 The subrecipient must comply with all applicable requirements (including requirements to report allegations) pertaining to prohibited conduct related to the trafficking of persons, whether on the part of recipients, subrecipients, or individuals defined (for purposes of this condition) as "employees" of the recipient or of any subrecipient. The details of the recipient's obligations related to prohibited conduct related to trafficking in persons are posted on the OJP web site at <http://ojp.gov/funding/Explore/ProhibitedConduct-Trafficking.htm> (Award condition: Prohibited conduct by recipients and subrecipients related to trafficking in persons (including reporting requirements and OJP authority to terminate award)), and are incorporated by reference here. [ML143]
- 30 The recipient must comply with, and is subject to, all applicable provisions of 41 U.S.C. 4712, including all applicable provisions that prohibit, under specified circumstances, discrimination against an employee as reprisal for the employee's disclosure of information related to gross mismanagement of a federal grant, a gross waste of federal funds, an abuse of authority relating to a federal grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a federal grant.

The recipient also must inform its employees, in writing (and in the predominant native language of the workforce), of employee rights and remedies under 41 U.S.C. 4712.

Should a question arise as to the applicability of the provisions of 41 U.S.C. 4712 to this award, the recipient is to contact the DOJ awarding agency (OJP or OVW, as appropriate) for guidance. [ML145]

- 31 Specific post-award approval required to use a noncompetitive approach in any procurement contract that would exceed \$250,000. The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements to obtain specific advance approval to use a noncompetitive approach in any procurement contract that would exceed the Simplified Acquisition Threshold (currently, \$150,000). This condition applies to agreements that -- for purposes of federal grants administrative requirements -- OJP considers a

procurement "contract" (and therefore does not consider a subaward). The details of the requirement for advance approval to use a noncompetitive approach in a procurement contract under an OJP award are posted on the OJP web site at <http://ojp.gov/funding/Explore/NoncompetitiveProcurement.htm> (Award condition: Specific post-award approval required to use a noncompetitive approach in a procurement contract (if contract would exceed \$250,000)), and are incorporated by reference here. [ML146]

- 32 In general, as a matter of federal law, federal funds awarded by OJP may not be used by the recipient, or any subrecipient ("subgrantee") at any tier, either directly or indirectly, to support or oppose the enactment, repeal, modification, or adoption of any law, regulation, or policy, at any level of government. See 18 U.S.C. 1913. (There may be exceptions if an applicable federal statute specifically authorizes certain activities that otherwise would be barred by law.)

Another federal law generally prohibits federal funds awarded by OJP from being used by the recipient, or an subrecipient at any tier, to pay any person to influence (or attempt to influence) a federal agency, a member of Congress, or Congress (or an official or employee of any of them) with respect to the awarding of a federal grant or cooperative agreement, subgrant, contract, subcontract, or loan, or with respect to actions such as renewing, extending, or modifying any such award. See 31 U.S.C. 1352. Certain exceptions to this law apply, including an exception that applies to Indian tribes and tribal organizations.

Should any question arise as to whether a particular use of federal funds by a recipient (or subrecipient) would or might fall within the scope of these prohibitions, the subrecipient is to contact MBCC for guidance, and may not proceed without the express prior written approval of OJP and MBCC. [ML147]

- 33 Compliance with general appropriations-law restrictions on the use of federal funds

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable restrictions on the use of federal funds set out in federal appropriations statutes. Pertinent restrictions, including from various "general provisions" in the Consolidated Appropriations Act, are set out at <http://ojp.gov/funding/Explore/FY18AppropriationsRestrictions.htm>, and are incorporated by reference here.

Should a question arise as to whether a particular use of federal funds by a recipient (or a subrecipient) would or might fall within the scope of an appropriations-law restriction, the recipient is to contact OJP for guidance, and may not proceed without the express prior written approval of OJP. [ML148]

- 34 Restrictions and certifications regarding non-disclosure agreements and related matters.

No subrecipient ("subgrantee") under this award, or entity that receives a procurement contract or subcontract with any funds under this award, may require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits or otherwise restricts, or purports to prohibit or restrict, the reporting (in accordance with law) of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency authorized to receive such information.

The foregoing is not intended, and shall not be understood by the agency making this award, to contravene requirements applicable to Standard Form 312 (which relates to classified information), Form 4414 (which relates to sensitive compartmented information), or any other form issued by a federal department or agency governing the nondisclosure of classified information.

1. In accepting this award, the subrecipient--

a. represents that it neither requires nor has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and

b. certifies that, if it learns or is notified that it is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds, will provide

prompt written notification to the federal agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

2. If the subrecipient does or is authorized under this award to make subawards ("subgrants"), procurement contracts, or both--

a. it represents that--

(1) it has determined that no other entity that the subrecipient's application proposes may or will receive award funds (whether through a subaward ("subgrant"), procurement contract, or subcontract under a procurement contract) either requires or has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and

(2) it has made appropriate inquiry, or otherwise has an adequate factual basis, to support this representation; and

b. it certifies that, if it learns or is notified that any subrecipient, contractor, or subcontractor entity that receives funds under this award is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds to or by that entity, will provide prompt written notification to the federal agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency. [ML149]

- 35 The conditions of this award are material requirements of the award. Compliance with any certifications or assurances submitted by or on behalf of the recipient or sub-recipient that relate to the conduct during the period of performance also is a material requirement of this award.

Failure to comply with any one or more of these award requirements -- whether a condition set out in full below, a condition incorporated by reference below, or a certification or assurance related to conduct during the award period -- may result in the Office of Justice Programs ("OJP") taking appropriate action with respect to the recipient, sub-recipient, and the award. Among other things, the OJP may withhold award funds, disallow costs, or suspend or terminate the award. The Department of Justice ("DOJ"), including OJP, also may take other legal action as appropriate.

Any materially false, fictitious, or fraudulent statement to the federal government related to this award (or concealment or omission of a material fact) may be the subject of criminal prosecution (including under 18 U.S.C. 1001 and/or 1621, and/or 42 U.S.C. 3795a), and also may lead to imposition of civil penalties and administrative remedies for false claims or otherwise (including under 31 U.S.C. 3729-3730 and 3801-3812).

Should any provision of a requirement of this award be held to be invalid or unenforceable by its terms, that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law. Should it be held, instead, that the provision is utterly invalid or -unenforceable, such provision shall be deemed severable from this award. [ML0]

- 36 The recipient and sub-recipient understands and agrees that the DOJ awarding agency (OJP or OVW, as appropriate) may withhold award funds, or may impose other related requirements, if (as determined by the DOJ awarding agency) the recipient or sub-recipient does not satisfactorily and promptly address outstanding issues from audits required by the Part 200 Uniform Requirements (or by the terms of this award), or other outstanding issues that arise in connection with audits, investigations, or reviews of DOJ awards. [ML178]
- 37 The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements of 28 C.F.R. Part 42, specifically including any applicable requirements in Subpart E of 28 C.F.R. Part 42 that relate to an equal employment opportunity program. [ML179]
- 38 The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements of 28

C.F.R. Part 54, which relates to nondiscrimination on the basis of sex in certain "education programs." [ML180]

39 If the recipient or any subrecipient ("subgrantees") at any tier, is designated "high risk" by a federal grant-making agency outside of DOJ, currently or at any time during the period of performance under this award, the recipient must disclose that fact and certain related information to OJP by email at OJP.ComplianceReporting@ojp.usdoj.gov. For purposes of this disclosure, high risk includes any status under which a federal awarding agency provides additional oversight due to the recipient's past performance, or other programmatic or financial concerns with the recipient or subrecipient. The recipient's or subrecipient's disclosure must include the following:

1. The federal awarding agency that currently designates the recipient or subrecipient high risk
2. The date the recipient or subrecipient was designated high risk
3. The high-risk point of contact at that federal awarding agency (name, phone number, and email address)
4. The reasons for the high-risk status, as set out by the federal awarding agency [ML181]

40 To avoid duplicating existing networks or IT systems in any initiatives funded by BJA for law enforcement information sharing systems which involve interstate connectivity between jurisdictions, such systems shall employ, to the extent possible, existing networks as the communication backbone to achieve interstate connectivity, unless the grantee can demonstrate to the satisfaction of BJA that this requirement would not be cost effective or would impair the functionality of an existing or proposed IT system. [ML194]

41 If award funds are used for DNA testing of evidentiary materials, any resulting eligible DNA profiles must be uploaded to the Combined DNA Index System ("CODIS," the DNA database operated by the FBI) by a government DNA laboratory with access to CODIS.

No profiles generated under this award may be entered or uploaded into any non-governmental DNA database without prior express written approval from BJA.

Award funds may not be used for the purchase of DNA equipment and supplies unless the resulting DNA profiles may be accepted for entry into CODIS. [ML200]

42 Responsibility for the day-to-day conduct of the project rests with the sub-recipient. This specifically includes operations, data collection, analysis and interpretation.

Responsibility for the general oversight and redirection of the project, if necessary, rests with MBCC. MBCC will review and approve all activities in the requirements under the various stages, as approved in this award. [ML201]

43 On September 1, 2017, various statutory provisions previously codified elsewhere in the U.S. Code were editorially reclassified to a new Title 34, entitled "Crime Control and Law Enforcement." The reclassification encompassed a number of statutory provisions pertinent to OJP awards (that is, OJP grants and cooperative agreements), including many provisions previously codified in Title 42 of the U.S. Code.

Effective September 1, 2017, any reference in this award document to a statutory provision that has been reclassified to the new Title 34 of the U.S. Code is to be read as a reference to that statutory provision as reclassified to Title 34. This rule of construction specifically includes references set out in award conditions, and references set out in other award requirements. [ML202]

44 The recipient (and any "subrecipient" at any tier) must have written procedures in place to respond in the event of an actual or imminent "breach" (OMB M-17-12) if it (or a subrecipient)-- 1) creates, collects, uses, processes, stores, maintains, disseminates, discloses, or disposes of "personally identifiable information (PII)" (2 CFR 200.79) within the scope of an OJP grant-funded program or activity, or 2) uses or operates a "Federal information system" (OMB Circular A-130). The recipients breach procedures must include a requirement to report actual or imminent breach of PII to an MBCC Program Manager no later than 24 hours after an occurrence

45 1. The recipient (and any subrecipient at any tier) must--

A. Ensure that, as part of the hiring process for any position within the United States that is or will be funded (in whole or in part) with award funds, the recipient (or any subrecipient) properly verifies the employment eligibility of the individual who is being hired, consistent with the provisions of 8 U.S.C. 1324a(a)(1) and (2).

B. Notify all persons associated with the recipient (or any subrecipient) who are or will be involved in activities under this award of both--

(1) this award requirement for verification of employment eligibility, and

2. Monitoring

The recipient's monitoring responsibilities include monitoring of subrecipient compliance with this condition.

To the extent that such costs are not reimbursed under any other federal program, award funds may be obligated for the reasonable, necessary, and allocable costs (if any) of actions designed to ensure compliance with this condition.

4. Rules of construction

A. Staff involved in the hiring process

For purposes of this condition, persons "who are or will be involved in activities under this award" specifically includes (without limitation) any and all recipient (or any subrecipient) officials or other staff who are or will be involved in the hiring process with respect to a position that is or will be funded (in whole or in part) with award funds.

B. Employment eligibility confirmation with E-Verify

For purposes of satisfying the requirement of this condition regarding verification of employment eligibility, the recipient (or any subrecipient) may choose to participate in, and use, E-Verify ([www.e-verify.gov](http://www.e-verify.gov)), provided an appropriate person authorized to act on behalf of the recipient (or subrecipient) uses E-Verify (and follows the proper E-Verify procedures, including in the event of a "Tentative Nonconfirmation" or a "Final Nonconfirmation") to confirm employment eligibility for each hiring for a position in the United States that is or will be funded (in whole or in part) with award funds.

C. "United States" specifically includes the District of Columbia, Puerto Rico, Guam, the Virgin Islands of the United States, and the Commonwealth of the Northern Mariana Islands.

## **Introduction**

The Montana Department of Corrections, Crime Control Bureau (CCB) provides services and equal employment opportunity (EEO) to all persons regardless of actual or perceived race, color, religion, creed, sex, sexual orientation, gender identity or expression, national origin, age, mental or physical disability, marital status, or political beliefs, discrimination or harassment because of a person's marriage to or association with individuals in one of the previously mentioned protected classes.

This encompasses all employees of CCB, grant applicants, subrecipients of CCB funds, subrecipients' employees, and clients of CCB subrecipients.

CCB will ensure that all subrecipients shall comply with all applicable state and federal laws regarding employment discrimination and affirmative action. It is CCB's position that all employees and subrecipients have a right to work in an environment free from all forms of discrimination, including sexual harassment. As such, CCB practices zero tolerance of harassment in any form.

## **Training**

It is the responsibility of CCB to provide training to subrecipients on Civil-Rights-Related Award Requirements. All subgrantees must complete the online Civil Rights Training available on the agency website at <http://mbcc.mt.gov/Working-Together/Training>. This training must be completed at the beginning of each grant award. OVW subrecipients will complete the OVW Subrecipients Training while remaining subrecipients will complete Subrecipients Training. Upon completion of the training, participants must certify the training and return a copy of the signed certification with the signed award documents (within 45 days of award) in order to receive reimbursement of any grant funds.

## **Methods of Monitoring**

During subrecipient monitoring visits and desk audits, CCB requires that a Civil Rights Questionnaire be completed ensuring that subrecipients have appropriate policies, procedures and training in place pertaining to discrimination. Additionally, CCB will check subrecipient files, policies, and procedures regarding Civil Rights to ensure compliance with OCR requirements.

## **Filing a Complaint**

### **Subgrantees' Responsibilities**

When a subrecipient's employee, client, customer or program participant files a discrimination complaint directly to the subrecipient, the subrecipient must have procedures in place to address complaints filed directly with their individual agency or organization. Subrecipients must have procedures in place to either investigate the complaint or forward the complaint to CCB for processing. Subrecipients must notify CCB of any complaint being investigated by the subrecipient or if a subrecipient will be forwarding a complaint to CCB or another appropriate agency for processing.

### **CCB's Responsibilities**

Any CCB employee who receives a report of alleged discrimination shall immediately notify the CCB Bureau Chief of a report regardless of their perception of the validity of the complaint. ### Faith-Based Organizations

Executive Order 13279 issued in 2002 requires funding organizations to treat faith-based organizations (FBOs) the same as any other applicant or recipient of DOJ funding, neither favoring nor discriminating against FBOs in making and administering grant awards, and requires that FBOs be allowed to retain their independence, autonomy, expression, and religious character when competing for DOJ financial assistance used to support social service programs and participating in the social service programs supported with DOJ financial assistance.

The Executive Order and regulations also prohibit recipient FBOs from using Justice Department funding to engage in inherently religious activities, such as proselytizing, scripture study, or worship. Funded FBOs may engage in inherently religious activities; however, these activities must be separate in time or location from the federally assisted program. Moreover, funded FBOs must not compel program beneficiaries to participate in inherently religious activities. Funded faith-based organizations must also not discriminate on the basis of religion in the delivery of services or benefits.
