Subject: Missouri River Inn Public Water System, EQ#21-2014

Hi Barb,

The deviation requests related to the Missouri River Inn public water system have been denied. There was talk amongst the deviation members that if the water source was treated, the deviations may be approved. I can move forward approving the public water system utilizing a cistern, but I wanted to give you an opportunity to discuss the option of treating the existing well with the owner. Would you prefer that I move forward issuing approval of the public water system utilizing a cistern or would you like to discuss the option of treating the existing well with the owner of the system?

I hope you are doing well,

Paul Simonich, PE, LSI

Amber,

The subject project is outside of the MS4 permit boundaries; therefore, I have no further comments. Thank you.

Good Afternoon,

Attached to this email is an Interested Agencies Letter for a Special Use Permit that will be on our next Zoning Board of Adjustment Meeting, Thursday, May 20, 2021 at 9AM. Please let me know if you have any questions or comments for this projects. I have also sent you a copy of this letter in the mail.

Thank you and have a great day!
