Oh, thank you. That is much more preferred. Save you guys on some postage and paper too :)

Would you mind including my cohort here, Tessa Switzer, GIS and Addressing Specialist, on your contacts list? I've carbon copied her address for your convenience.

Thanks Kevin!

Kevin,

Sorry for the late response, I was out for a couple days last week. Did you send them to any other folks here when you were sending them hard copies? Our real property officer Mr. Vic Correa always seems to know about these permit applications before I have a chance to even ask him a question about them 😊

Right now, it is just you. Do you feel we should add others to the list? If so, could you provide their emails?

Thanks!

Kevin,

At least for us this is a great way to get out the notices. How many people are on your distro list here at Malmstrom?

Thanks,
Kurt

Kevin,

This project is located outside the boundaries of the MS4 permit and is therefore good on my end. One quick comment - - the public notice only includes 1 geocode and S/T/R callout while the vicinity map shows two parcels that are in different sections. I am not sure if you need to call out both parcels but I just wanted to let you know to help avoid any potential issues on a small technicality.
