

TOBACCO ★ FREE PLEDGE

Name: _____

Age: _____

Email: _____

Phone: _____

I, _____ pledge to remain tobacco free. I recognize that the tobacco industry adds harmful chemicals to their products and manipulates nicotine levels in order to hook new users and keep those already using addicted. I also understand that tobacco industry sponsorship of rodeos provides the false image that tobacco use is an accepted and normal component of the rodeo lifestyle.

I acknowledge that tobacco addiction destroys lives and costs Montana more than \$200 million each year and that 1,500 Montanans die each year from tobacco use. I have pledged to live "tobacco free" so that I may engage in a healthy lifestyle that will make a difference in my life and in the lives of others.
